***“A safe, inclusive and growing community
embracing opportunity”***

Our Aspirations:

- rich in spirit;
- surrounded by nature; and
- valuing our heritage

Integrated Planning and Reporting Framework

All local governments are required to prepare a Plan for the Future for their district under Section 5.56(1) of the *Local Government Act 1995*. This Corporate Business Plan 2022 – 2026, together with the Strategic Community Plan 2017 - 2027, constitutes the Shire of Lake Grace's Plan for the Future (the Plan) and has been prepared to achieve compliance with the Local Government (Administration) Regulations 1996.

Under *Local Government (Administration) Regulations 1996* Regulation 19DA (3), a Corporate Business Plan is to:

- a) *set out, consistent with any relevant priorities included in the Strategic Community Plan for the district, a local government's priorities for dealing with the objectives and aspirations of the community in the district; and*
- b) *govern a local government's internal business planning by expressing a local government's priorities by reference to operations that are within the capacity of the local government's resources; and*
- c) *develop and integrate matters relating to resources, including asset management, workforce planning and long-term financial planning.*

In the preparation of the annual budget the local government is to have regard to the contents of the Plan in terms of Section 6.2(2) of the *Local Government Act 1995*.

Development of the Plan has also been influenced by the Department of Local Government, Sport and Cultural Industries Framework and Guidelines for Integrated Planning and Reporting.

Strategic Community Plan

The Shire of Lake Grace community had a strong involvement and voice in the development of the Strategic Community Plan. In January 2017, the community were invited to share their vision, aspirations and objectives for the future of the Shire of Lake Grace, and the Plan has subsequently been reviewed and updated to reflect the community aspirations.

This information provided a valuable insight into the key issues and aspirations, as held by the local community. Importantly for Council, these views have helped establish clear priorities and shaped the visions, values, objectives and strategies contained within the Strategic Community Plan 2017-2027. The following four key strategic objectives are defined within the Plan.

- **Economic:** A prosperous agricultural based economy, supporting diversification of industry;
- **Social:** A valued, healthy and inclusive community and life-style;
- **Environment:** Protect and enhance our natural and built environment; and
- **Leadership:** Strong governance and leadership, demonstrating fair and equitable community values.

How the Plan will be used

Corporate Business Plan

Achieving the community's vision and the Shire's strategic objectives requires the development of actions to address each strategy contained within the Strategic Community Plan. Careful operational planning and prioritisation is required to achieve the objectives and desired outcomes due to the limited resources available. This planning process is formalised by the development of our Corporate Business Plan. The Corporate Business Plan then converts the Strategic Community Plan into action through the adoption of an Annual Budget.

Actions requiring funding will only be undertaken once approved within the statutory budget and subject to funding availability. Along with achieving the community aspirations and objectives, the Corporate Business Plan draws on information contained within the following strategic documents.

Asset Management Plan

The Shire has developed an initial Asset Management Plan for major asset classes in accordance with Council's Asset Management Policy. The Asset Management Plan forms a component of an overall Asset Management Strategy which addresses the Shire's current processes and sets out the steps required to continuously improve the management of Shire controlled assets.

Capital renewal estimates contained within the Asset Management Plan have been included to the extent the financial and workforce resources are available to enable the renewals to occur.

Workforce Plan

The Workforce Plan provides the workforce management and resource strategies necessary to deliver the objectives, outcomes and strategies of the Shire's Strategic Community Plan.

Workforce issues have been considered during the development of this Corporate Business Plan and the financial impacts of the Plan captured within the Long Term Financial Plan. A combination of workforce and financial constraints has influenced the prioritisation of actions within this Plan.

Long Term Financial Plan

The Shire of Lake Grace is planning for a positive and sustainable future. The Shire seeks to maintain, and where possible, improve service levels into the future while maintaining a healthy financial position.

During the development of this Corporate Business Plan, the Long Term Financial Plan was considered to ensure integration with this Plan, resulting in an update to the capital works program. A review of the Long-Term Financial Plan commenced in 2020/21 and completed during 2020/21 where detailed results of capital works program updates will be prepared for future reporting and planning.

Capital Program

A number of additional actions are forecast to be undertaken during the life of the Plan, which result in additional capital expenditure. The additional activities are summarised below along with an indication of the forecast capital expenditure extracted from the Long Term Financial Plan.

Service Delivery

The Shire of Lake Grace delivers services to its community in line with its vision, values and the four key strategic objectives set out within the Strategic Community Plan.

Each of the four objectives has several outcomes the Shire seeks to achieve over the 10+ years of the Strategic Community Plan. For each objective, one or more desired outcomes have been defined along with strategies to achieve these outcomes.

The outcomes were developed after considering the community engagement process and other external factors such as the available plans published by other government agencies.

The table below summarises the desired outcomes under each of the four key themes and strategic objectives.

	ECONOMIC <i>A prosperous agricultural based economy, supporting diversification of industry</i>	Outcome 1.1 An innovative, productive agriculture industry Outcome 1.2 A diverse and prosperous economy Outcome 1.3 An attractive destination for visitors
	SOCIAL <i>A valued, healthy and inclusive community and life-style</i>	Outcome 2.1 An engaged, supportive and inclusive community Outcome 2.2 A healthy and safe community
	ENVIRONMENT <i>Protect and enhance our natural and built environment</i>	Outcome 3.1 A well maintained attractive built environment servicing the needs of the community Outcome 3.2 A natural environment for the benefit and enjoyment of current and future generations
	LEADERSHIP <i>Strong governance and leadership, demonstrating fair and equitable community values</i>	Outcome 4.1 A strategically focused, unified Council functioning efficiently Outcome 4.2 An efficient and effective organisation

The tables on the following pages detail the strategies developed to achieve these desired outcomes, and the strategic performance indicators to provide an indication of whether the Shire is meeting the objectives will be monitored and reported. As the Shire strives to achieve these outcomes, the community will be kept informed of the progress through means of the Annual Report.

Strategic Risk Management

It is important to consider the external and internal context in which the Shire of Lake Grace operates, relative to risk, in order to understand the environment in which the Shire seeks to achieve its strategic objectives.

The external and internal factors identified and considered during the preparation of this Corporate Business Plan are set out below:

External Factors	Internal Factors
Increasing community expectations in relation to service levels and service delivery.	Objectives and strategies contained in Council's current Strategic Community Plan.
Rapid changes in information technology changing the service delivery environment.	Timing and actions contained in Council's Corporate Business Plan.
Increased compliance requirements due to Government Policy and Legislation.	Organisational size, structure, activities and location.
Cost shifting by Federal and State Governments.	Human resourcing levels and staff retention.
Reducing external funding for infrastructure and operations.	Current organisational strategy and culture.
Increasing population and economic development resulting in greater pressure on the natural environment and its resources.	Financial capacity of the Shire.
Resource development and the associated social impacts.	Allocation of resources to achieve strategic outcomes.
Increasing community expectations and regulations in relation to waste management.	Maintenance of corporate records.
Government responses in relation to social services.	Current organisational systems and processes.
Climate change and subsequent response.
