#### Summary

For council to support the speed limit reduction on the Collie Lake King Road (Commonly known as Stubbs Street) from the current posted speed limit of 50kmph to a proposed speed limit of 40kmph between SLK 274.26 & SLK 274.71 (between Mather Street and Lawson Street in Lake Grace)

#### Background

During the November 2021 Roadwise meeting in the general business part of the meeting the issue of pedestrian safety on Stubbs street (Collie Lake King Road) was raised by concerned members of the public. As the shire is the overarching body of the community Roadwise has approached the Shire to contact Main Roads to see if the speed limit can be reduced in the area of concern.

#### Comment

On the 17<sup>th</sup> March 2022 the Shire received a letter from the Lake Grace Roadwise Secretary requesting the Shire to contact Main Roads WA to see if the speed limit could be lowered on a section of Stubbs Street Lake Grace. The Manager Infrastructure Services has since contacted Main Roads WA and they are seeking official Shire support/comment as the overarching representative of the community.

The Manager Infrastructure Services has inspected the area of concern and has deemed it necessary to expand the area initially mentioned by the Roadwise letter. Due to the increase in

pedestrians and vehicles in the mentioned area I believe it is the Shires best interest to support the speed limit reduction to improve the safety of all pedestrians and road users.

#### Summary

This report recommends that Council **grant conditional approval** to a development application received from Mr Andrew Keays under the authority of Mr Paul Wheeler and Ms Michelle Donegan (Landowners) to place a second-hand 20-foot-long sea container on Lot 5 (No.26) Stubbs Street, Lake Grace for incidental storage purposes.

#### Background

Mr Andrew Keays has submitted a development application requesting Council's approval for the proposed placement of a second-hand 20-foot-long sea container at the rear of an existing approved commercial building on Lot 5 (No.26) Stubbs Street, Lake Grace for general storage purposes.

The existing commercial building on Lot 5 is currently being used for the purposes of a *'restaurant/cafe'* and *'reception centre'*. It is understood Mr Keays has secured a lease to operate the existing approved business on the land and requires some additional storage space in close proximity to the existing commercial building to support the approved business activities.

A full copy of the application received is provided in Attachment 1.

Lot 5 (No. 26) is located centrally in the Lake Grace townsite's designated commercial precinct and comprises a total site area of approximately 1,060m<sup>2</sup>.

Lot 5 has direct frontage and access to Stubbs Street along its northern front boundary and a constructed right-of-way along its southern rear boundary. The property has historically been developed and used for both *'shop'* and *'restaurant/cafe'* purposes (i.e. Rosie's Cafe) and contains a single storey commercial building originally constructed in 1918 and two associated outbuildings at the rear.

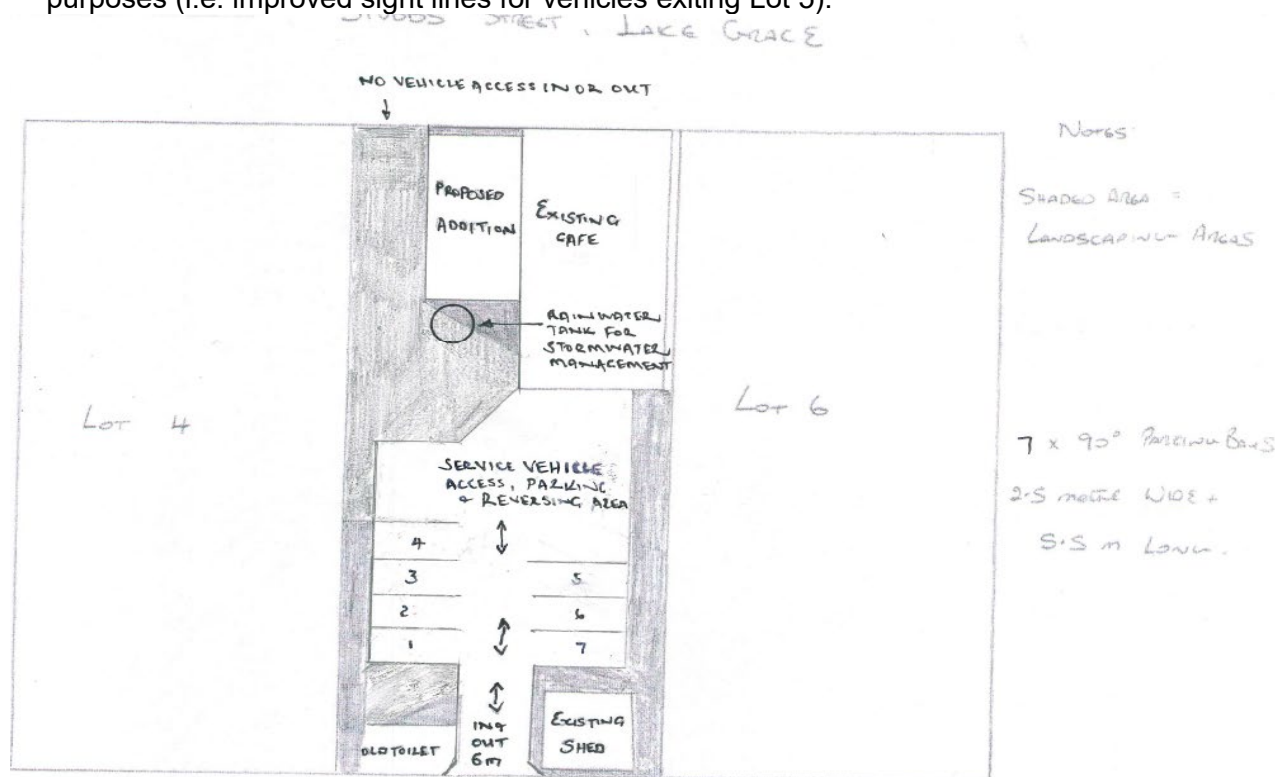

Council should note that whilst the single storey commercial building on Lot 5 is included in the Shire's Heritage List due to it being identified and classified as a place of considerable cultural

heritage significance, the proposed development, the subject of this report, will have no direct impact on the building or compromise its heritage character or value.

In December 2017, Council granted conditional development approval for the following:

- i) Construction of a new 72m<sup>2</sup> addition to the western side of the existing commercial building on Lot 5;
- ii) Use of the proposed new 72m<sup>2</sup> addition for the purposes of an expanded 'restaurant / cafe';
- iii) Use of the entire premises, including the proposed addition, for the purposes of a 'reception centre';
- iv) Construction of a new vehicle access and parking area at the rear of the property with direct access to/from an existing constructed right-of-way along the land's rear boundary;
- v) The installation of new guttering on the existing building and proposed addition and a rainwater storage tank of sufficient capacity at the rear of the addition to capture, store and provide for the re-use of all storm water collected from the roof catchment;
- vi) The provision of landscaping in select locations including the retention of all existing eucalypt trees at the rear of the property with the exception of one smaller sized tree that has been subject to previous lopping works and required removal to provide safe and convenient vehicle access via the adjoining right-of-way; and
- vii) Removal of an existing corrugated iron storage shed at the rear of the property for vehicle safety purposes (i.e. improved sight lines for vehicles exiting Lot 5).

Council Approved Site Development Plan (December 2017)

It is noted Lot 5 has not been developed in accordance with the previous development approval granted by Council in December 2017, with a number of proposed improvements yet to be completed (e.g. vehicle access and parking, stormwater drainage, landscaping and removal of old shed). As this is a compliance related matter, Council cannot withhold any further development approvals due to this non-compliance or impose further conditions requiring the land to be developed in accordance

with any previous approvals granted. The onus is on the current landowners to comply with all previous approvals, with the Shire responsible for compliance and enforcement if the works are not completed as required.

### Comment

Lot 5 is classified 'Commercial' zone under the Shire of Lake Grace Local Planning Scheme No.4 (LPS4).

Under the terms of LPS4 the use class 'restaurant / cafe' is listed as being a permitted (i.e. 'P') use on any land classified 'Commercial' zone. The use class 'reception centre' is listed as being a discretionary (i.e. 'D') use on any land classified 'Commercial' zone, with Council having previously granted development approval to use Lot 5 for this purpose.

As the proposed sea container will be incidental to and support the current permitted and approved use of Lot 5 for 'restaurant / cafe' and 'reception centre' purposes, Council has sufficient discretion to grant development approval in this particular instance, if it satisfied the proposed development meets the objectives, standards and requirements of the Shire's local planning framework.

The application has been assessed with due regard for all relevant objectives, standards and requirements prescribed in LPS4, clause 67 of the Deemed Provisions of the *Planning and Development (Local Planning Scheme) Regulations 2015* and Council's policy manual. This assessment has confirmed the proposal is compliant, or capable of compliance, with the following requirements:

- Land use compatibility;
- Siting, design and lot boundary setbacks;
- Maximum permitted building height;
- Environmental protection and conservation;
- Visual character and amenity;
- Heritage conservation and protection;
- Vehicle access, parking, loading / unloading; and
- Stormwater drainage and bushfire risk management.

To ensure the proposed sea container does not have a detrimental impact on the visual amenity of the immediate locality when viewed from the public realm, it is recommended Council impose a condition on any development approval that may ultimately be granted requiring the applicant to paint the western and southern walls of the sea container in a colour that matches or complements the external appearance of the existing commercial building on the property.

It is also recommended Council impose a condition requiring all stormwater drainage from the proposed sea container to be managed and disposed of on-site in a manner that does not compromise the integrity of any existing improvements on the land or the sea container itself.

In light of all of the above, it is concluded the proposal for Lot 5 (No.26) Stubbs Street, Lake Grace is unlikely to have a negative impact on the general amenity, character, functionality and safety of the immediate locality and may therefore be supported and approved by Council subject to the imposition of a number of conditions to ensure the development proceeds in a proper and orderly

manner. As such, it is recommended Council exercise its discretion and grant conditional development approval.

#### Legal Implications

- Planning and Development Act 2005
- Planning and Development (Local Planning Schemes) Regulations 2015
- Shire of Lake Grace Local Planning Scheme No.4

#### Policy Implications

Nil

#### Consultation

Not required or deemed necessary.

#### Financial Implications

There are no known financial implications in relation to this item aside from the administrative costs associated with processing the application which are provided for in Council's annual budget and have been partially offset by the development application fee paid by the applicant. All costs associated with the proposed development will be met by the applicant.

It is significant to note should the applicant / landowners be aggrieved by Council's final decision in this matter, they have the right seek a formal review of that decision by the State Administrative Tribunal. Should this occur for whatever reason, which is considered highly unlikely in this particular instance, the Shire would need to respond. The cost to respond to an appeal cannot be determined at this preliminary stage but could be expected, based on the recent experience of other local government authorities in Western Australia, to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

#### Strategic Implications

The proposed development is consistent with the following strategic planning documents:

- Shire of Lake Grace Local Planning Strategy 2007 as it applies to supporting business development and growth and improving the general appearance, character and amenity of the Shire's main settlements; and
- Shire of Lake Grace Strategic Community Plan 2017-2027:

|                       |       |   |
|-----------------------|-------|---|
| Economic Objective    |       | A prosperous agricultural-based economy, supporting diversification of industry |
| Outcome               | 1.2.2 | Support local business and promote further investment in the district.          |
| Environment Objective |       | Protect and enhance our natural and built environment                           |
| Outcome               | 3.1.1 | Maintain the integrity of heritage buildings and places                         |

#### Voting Requirements

Simple majority required.

## RESOLUTION 13552

**Moved:** Cr Chappell

**Seconded:** Cr Hyde

That the development application submitted by Mr Andrew Keays to place a second-hand 20-foot-long sea container on Lot 5 (No.26) Stubbs Street, Lake Grace for incidental storage purposes associated with the current approved uses on the land be **approved** subject to the following conditions and advice notes:

### Conditions:

1. The proposed development shall be undertaken strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by Council.
2. Any additional development which is not in accordance with the application the subject of this approval or any condition of approval will require the further approval of Council.
3. The proposed development shall be substantially commenced within a period of two (2) years from the date of this approval. If the development is not substantially commenced within this period this approval shall lapse and be of no further effect. Where an approval has so lapsed, the proposed development shall not be carried out without the further approval of Council having first being sought and obtained.
4. The western, northern and southern facing walls of the proposed sea container shall be painted in a colour that matches or complements the external appearance of the existing commercial building on the property within ninety (90) days of the date of this approval unless otherwise approved by the Shire's Chief Executive Officer.
5. All stormwater drainage from the proposed sea container shall be contained and disposed of on-site in a manner that does not compromise the integrity of any existing improvements on the land or the sea container itself.
6. The proposed sea container shall only be used for incidental storage purposes associated with the current approved uses on the land unless otherwise approved by Council.

### Advice Notes:

1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement, memorial or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the Shire's attention.
2. This is a development approval of the Shire of Lake Grace under its Local Planning Scheme No.4. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/landowner to obtain any other necessary approvals, consents, permits and licenses required under any other law, and to commence and carry out development in accordance with all relevant laws.
3. The applicant is reminded of their obligation to ensure compliance with the following requirements:
  - i) The Shire of Lake Grace Annual Fire Management Notice as it applies specifically to all townsite land in the Shire to help guard against any potential bushfire risk

<https://www.lakegrace.wa.gov.au/services/bushfire-emergency-management/fire-management-requirements.aspx>); and

- ii) The terms and conditions of the development approval granted for the land in December 2017 as it applies to the maximum number of people permitted to be accommodated within the commercial building, heavy vehicle access, parking and loading/unloading, waste management and disposal, and the screening of any open storage and/or drying areas.
- 4. In accordance with the *Building Act 2011* and *Building Regulations 2012*, a building permit application must be submitted to and approved by the Shire's Building Surveyor prior to the commencement of any earthworks or placement of the proposed sea container on the land.
- 5. The proposed development is required to comply in all respects with the National Construction Code of Australia. Plans and specifications which reflect these requirements are required to be submitted with the building permit application.
- 6. Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the *Planning and Development Act 2005* and the Shire of Lake Grace Local Planning Scheme No.4 and may result in legal action being initiated by the local government.
- 7. If the applicant / landowners are aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be submitted directly to the State Administrative Tribunal within 28 days of the determination.

**CARRIED: 9/0**

Cr Hunt asked as to what happened to the original development conditions that were imposed on the former owners, whether or not they have been done:

Reply from the CEO was, now that the Shire's Planner Joe Douglas is back, this will be looked at by the administration.

#### Summary

For Council to confirm the change of term of the General Practice Agreement with Drs Olowu and Omoniyi (Olkowu and Omoniyi Pty Ltd).

#### Background/Comment

The General Practice Agreement with the doctors expired on 28 February 2022. Administration and Councillors entered into discussions with the doctors for the renewal of the contract and as a result at the 16 February 2022 Ordinary Council meeting, it was resolved to offer a three (3) year contract extension to expire 28 February 2025.

The doctors have subsequently come back and advised that a 2-year contract under the approved conditions is now what they want. All councillors were contacted and all confirmed agreeance to the change of term of the contract.

This item is to confirm the prior approval by the Councillors.

#### Summary

For Council to review and comment on the Draft Shire of Lake Grace Bushfire Risk Management Plan 2022-2027

#### Background

The Bushfire Risk Management Planning (BRMP) program is a state-wide government initiative in WA that has been established to assist in the mitigation of bushfire risk. The program supports Local Governments in developing and implementing whole of Shire, tenure-blind Bushfire Risk Management Plans (BRM Plans) so that community assets are identified, risks are assessed and appropriate mitigation activities are assigned.

To support Local Government in undertaking the identified mitigation activities, the Western Australia government has established the Mitigation Activity Fund Grants Program (MAFGP) to treat extreme, very high or high bushfire risks.

The Mitigation Activity Fund Grants Program is restricted to eligible Local Governments only.

Eligible local governments are those that have an Office of Bushfire Risk Management (OBRM) endorsed Bushfire Risk Management Plan (Please note that OBRM must be given a minimum of four weeks to endorse a plan).

#### Comment

The draft document has been prepared by the Bushfire risk Management Coordinator based at the Shire of Narrogin and is attached for comment from Council. Comment will also be sought from

CBFCO, BFAC and CESM and interested parties prior to being finalised and adopted by Council prior to being forwarded to the OBRM for endorsement.

Please note that this is only a draft and some minor wording requires attention, however, the gist of the document is there.

### Legal Implications

The following Acts and Legislation apply:

- Aboriginal Heritage Act 1972
- Building Act 2011
- Bush Fires Act 1954
- Bush Fires Regulations 1954
- Conservation and Land Management Act 1984
- Country Areas Water Supply Act 1947

- Fire Brigades Act 1942
- Metropolitan Water Supply, Sewerage and Drainage Act 1909
- Planning and Development (Local Planning Scheme) Regulations 2015
- Wildlife Conservation Act 1950

### Policy Implications

Numerous other State Policies

### Consultation

Department of Fire and Emergency Services  
Shire of Lake Grace Community Emergency Services Manager  
Shire of Lake Grace Bushfire Advisory Committee  
Chief Bushfire Control Officer

### Financial Implications

There is funding available annually through the Mitigation Activity funding (MAF) However, it must be noted that the funding available is for the initial treatment only to reduce the fire risk and thereafter it will be the responsibility of the Shire for the ongoing maintenance of the firebreaks.

Further funding may be sourced after initial works have been completed. Bushfire can pose a serious risk to communities and the receipt of mitigation funding will help offset ongoing costs and treatments into the future.

#### Summary

For Council to **approve** the fixing of the Shire of Lake Grace Common Seal to an access agreement to portion of Williams Location 10224 with the owners Morris and Vicki Smith for the purpose of access to water.

#### Background

Vesting of Reserve 18067 on which North Lake Grace Dam is located was transferred from the Water Corporation to the Shire of Lake Grace in 2021.

#### Comment

Administration has been working with DWER for several years in order to increase dam water supplies for drought mitigation purposes.

Last year, the federal government announced the National Water Grid Connections Fund to help identify and improve water storage and drought mitigation processes. The State government followed this up with some additional funding. DWER identified North Lake Grace Dam as a project and are in the process of gaining approval for funding to install a tank, standpipe and pipeline from the dam to a suitable area. The area for the tank will be located on the reserve to the west of the dam in an old gravel pit area. Access to the tank and standpipe will be through land owned by the Smiths and there are already access roads in place which will require some minor grading to bring up to standard.

This agreement is to formalise the access to the land with the owners and set out the conditions of the access.

### Legal Implications

The Smiths have requested that the condition be put into the agreement that they will **not be liable** for any incident/accidents on any part of their property whilst being accessed for water.

Local Government Act 1995 section 9.49(A)

### Policy Implications

#### Policy 1.1 Use of the Common Seal

Policy The Common Seal of the Shire of Lake Grace is to be affixed to the following documents:

- Deed of agreement
- Senior Officer Contracts of Employment
- Land transactions (including leases)
- Other documents requesting use of the common seal

A document is validly executed by the Shire of Lake Grace when the seal of the Shire is affixed to it by the President and the Chief Executive Officer, and the President and Chief Executive Officer attest the fixing of the seal.

All documents signed under seal must, in accordance with s9.49 of the Act, first be presented to Council for its authorisation of the seal to be affixed to it by the President and the Chief Executive Officer, and the President and Chief Executive Officer attesting the fixing of the seal.

Objective To validate the procedure for the executive of legal documents.

##### Summary

The purpose of this report is for the Council to consider the review of the Local Emergency Management Arrangements and the associated recommendation from the 10 February 2022 Shire of Lake Grace LEMC meeting.

##### Background

Under the *Emergency Management Act 2005* ('the EM Act'), local governments are required to have local emergency management arrangements. Local governments are the closest level of government to their communities and have access to specialised knowledge about the local environment and demographic features of their communities. Effective local emergency management arrangements enhance the community's resilience and preparedness for emergencies through strategies that apply prevention/mitigation, preparedness, response and recovery measures.

In addition to ensuring that effective local emergency management arrangements are prepared and maintained and managing recovery following an emergency in its district, each local government is required to establish and maintain a local emergency management committee (LEMC). The functions of the Shire of Lake Grace LEMC are documented in the EM Act under section 39:

- a) to advise and assist the local government in ensuring that the local emergency management arrangements are established for its districts;
- b) to liaise with public authorities and other persons in the development, review and testing of local emergency management arrangements; and
- c) to carry out other emergency management activities as directed by the SEMC or prescribed by the regulations.

### Comment

The minutes of the 10 February 2022 LEMC meeting are attached with a recommendation to Council to endorse the Local Emergency Management Arrangements (LEMA) and associated plans for the Shire of Lake Grace.

In accordance with relevant legislation the plans have been reviewed by the LEMC and this report seeks Council's endorsement. Adoption of the plans will ensure the Shire remains compliant with legislative responsibilities in accordance with the EM Act 2005 and relevant State Emergency Management plans and policies.

Once adopted by Council, the LEMA document must be submitted to the State Emergency Management Committee (SEMC) via the District EMC in order to complete the approval process.

### Statutory Environment

*Emergency Management Act* 2005 sections 41 to 43.

### Policy Implications

### Risk Implications

The risks associated with matters in this report are:

- Failure to fulfil statutory, regulatory or compliance requirements
- Inadequate document management processes
- Inadequate engagement practices

Risk mitigation includes the well managed operations of the LEMC and ensuring all relevant plans are current and reviewed as required.

#### Summary

Consideration of the Monthly Financial Reports for the period ending 31 January 2022 and Bank Reconciliations for the month ending 31 January 2022.

#### Background

The provisions of the Local Government Act 1995 and associated Regulations require a monthly financial report is presented at an Ordinary Council meeting within two (2) months of the period end date.

#### Comment

As at 31 January 2022, operating revenue over target by \$52,562 (0.84%) mostly due to Rates and Operating grants received earlier than budgeted. Interest earnings below target due to low interest rates. Fees and Charges are below budget as well along with other revenue.

Operating expenditure is under YTD budget by \$1,123,072 (17.61%) mainly due to Materials and contracts, employee and overhead costs down along with utility charges. Insurance and depreciation expenses on the other hand are slightly over the budget target.

The capital program is below the target by \$1,828,877. Capital grants and contributions are down due to some of Local Roads & Community and Drought & Community projects are not yet initiated/finalised, funds will be recognised later in financial year. Payments for property, plant and equipment are below target as well due to slow-down in capital projects. This leads to Capital grants income decrease being offset by the reduction in payments for property, plant and equipment.

Cash at bank is similar to the corresponding period last year, an investment agreement for 3 term deposits with Bankwest is in place (total of \$9,502,735).

Outstanding rates is tracking well and have recovered 94.6% to date.

General debtor is \$61,680 with no major outstanding debts to follow up.

The monthly financial reports include the accompanying Local Government special purpose financial statements for the Shire of Lake Grace, which comprises the Statement of Financial Activity (by Statutory Reporting Program), a summary of significant accounting policies and other explanatory notes for the period ending 31 January 2022. The financial statements have been compiled to meet compliance with the Local Government Act 1995 and associated regulations.

The Shire of Lake Grace is responsible for the information contained in the financial statements and is responsible for maintenance of an appropriate accounting system in accordance with relevant legislation.

#### Legal Implications

Section 6.4 of the Local Governments Act 1995 provides for the preparation of financial reports.

In accordance with Regulation 34(5), a report on variances greater than the materiality threshold (\$5,000 or 10% whichever is greater) must be compiled and adopted by Council. As this report is composed at a program level, variance commentary considers the most significant items that comprise the variance.
