Summary

This report recommends that a development application submitted by Mr Beau Waddell (Landowner) to formalise the unauthorised expansion of an existing approved cattle feedlot on Lot 2540 on Deposited Plan 209988 Mallee Hill Road, South Newdegate be approved subject to conditions.

Background

The applicant is seeking Council's development approval to formalise the unauthorised expansion of an existing approved feedlot on Lot 2540 on Deposited Plan 209988 Mallee Hill Road, South Newdegate to accommodate a total of 2,300 cattle.

At its Ordinary Meeting on 25 February 2015 Council granted conditional approval to expand the existing feedlot on the land from 500 to 1,500 head of cattle including the installation and use of various associated improvements.

Under the terms of the latest development application received approval is sought to expand the existing approved feedlot on the property to increase its holding capacity from 1,500 to 2,300 cattle which is consistent with and has been undertaken in accordance with an approval previously granted by the Department of Water and Environmental Regulation pursuant to the specific requirements of the *Environmental Protection Act 1986* and associated regulations.

A full copy of the development application received, including supporting documentation and plans, is provided in Attachment 1.

Lot 2540 is located approximately 4.85 kilometres south-west of the Newdegate townsite in the locality of South Newdegate. The property comprises a total area of approximately 1,337.85 hectares and has direct frontage and access to Mallee Hill Road along its northern boundary which is an unsealed (i.e. gravel standard) local road under the care, control and management of the Shire.

The subject land is gently sloping throughout, predominantly cleared of all native vegetation with the exception of a few small to medium size stands in select locations for environmental conservation and land management purposes, and has been extensively developed and used for extensive agricultural purposes (i.e. cropping and grazing) for many years. The existing feedlot the subject of this application is located centrally in the eastern half of the subject land with significant setbacks to all lot boundaries.

Lot 2540 contains a number of physical improvements associated with its current rural use including various sheds, animal holding pens, dams and associated catchments, rainwater tanks, internal access roads / tracks, firebreaks and fencing.

Existing adjoining and other nearby land uses are predominantly rural in nature comprising broadacre agricultural activities on lots of various sizes. The nearest dwelling not owned by the applicant and his family is located approximately 3.64 kilometres south on Lot 50 (No.565) Dawson Road, South Newdegate.

That portion of the subject land where the development has been undertaken has been cleared of all native vegetation, does not contain any sites of cultural heritage significance, is not subject to inundation or flooding during extreme storm events and has not been designated by the Fire and Emergency Services Commissioner as being bushfire prone.

Location & Lot Configuration Plan (Source: Landgate 2023)

Comment

Lot 2540 is classified 'General Agriculture' zone in the Shire of Lake Grace Local Planning Scheme No.4 (LPS4).

A key objective of the land's current 'General Agriculture' zoning classification is to ensure the continuation of broadacre farming as the principle land use within the district, protect the rural landscape/character, control the fragmentation of agricultural land through further subdivision and consider non-rural uses where they can be shown to be of a benefit to the district.

Under the terms of the Zoning Table in LPS4 the development of any land classified 'General Agriculture' zone for 'intensive animal husbandry' purposes, which by definition includes feedlots, is listed as being a discretionary (i.e. D) use which means it is not permitted without the local government's development approval.

The application has been assessed with due regard for the relevant objectives, development standards and requirements prescribed in LPS4 and the various matters required to be considered as prescribed in clause 67 of the Deemed Provisions of the *Planning and Development (Local Planning Scheme) Regulations 2015.*

This assessment has confirmed the proposal is compliant or capable of compliance with the following requirements:

- Zoning objectives and land use permissibility;
- All relevant State Planning Policies itemised below;
- Land capability and suitability including possible risks to human health and safety;
- Location / siting including lot boundary setbacks;

- Land use compatibility including buffer separation distance requirements to sensitive land uses;
- Amenity of the locality including potential environmental, visual and social impacts;
- Protection of the natural environment, water resources and cultural heritage significance;
- Traffic safety including heavy vehicle access, parking;
- Storage and management of waste; and
- Bushfire, flood risk and stormwater drainage management.

In light of all the above it is concluded the proposal for Lot 2540 is unlikely to have a negative impact on the general amenity, character, functionality and safety of the immediate locality and may therefore be supported and approved by Council subject to the imposition of a number of conditions to ensure the development is undertaken and managed in a proper and orderly manner. As such, it is recommended Council exercise discretion and grant conditional development approval.

With respect to the unauthorised development of the land for 'intensive animal husbandry' purposes, it is recommended that Council not initiate prosecution action pursuant to Part 13 of the *Planning and Development Act 2005* in this particular instance given the limited impact the proposed development has had since it was undertaken due to good management practices and the greater awareness the landowner now has regarding the need for development approval and the potential legal and financial consequences of undertaking any further unauthorised development on the land.

Legal Implications

- Planning and Development Act 2005
- Planning and Development (Local Planning Schemes) Regulations 2015
- Shire of Lake Grace Local Planning Scheme No.4

- State Planning Policy 4.1 State Industrial Buffer

- Department of Agriculture and Food Guidelines for the Environmental Management of Beef Cattle Feedlots in Western Australia 2002

Consultation

Public advertising of the application and referral to State and Federal government agencies and key essential service providers was not required or deemed necessary. The application was however the subject of ongoing discussion with the applicant to clarify various aspects of the development and the legalities and possible consequences associated with unauthorised works and uses.

Financial Implications

There are no known financial implications in relation to this item aside from the administrative costs associated with processing the application which are provided for in Council's annual budget and have been offset by the development application fee paid by the applicant. All costs associated with the proposed development will be met by the landowner.

It is significant to note should the applicant / landowner be aggrieved by Council's final decision in this matter, they have the right seek a formal review of that decision by the State Administrative Tribunal. Should this occur for whatever reason, which is considered unlikely in this particular instance, the Shire would need to respond. The cost to respond to an appeal cannot be determined at this preliminary stage but could be expected, based on the recent experience of other local government authorities in Western Australia, to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

14.2.2 DEVELOPMENT APPLICATION – PROPOSED NEW GROUPED DWELLING DEVELOPMENT ON LOT 216 (NO.7) QUONDONG COURT, LAKE GRACE

| Applicant | Akron Pty Ltd (Landowner) |

| Author | Mr Joe Douglas – Town Planner |

| Date of Report | 19 September 2023 |

<u>Summary</u>

This report recommends that a development application submitted by Akron Pty Ltd for the construction and use of two (2) new grouped dwellings on Lot 216 (No.7) Quondong Court, Lake Grace be approved subject to conditions.

Background

The applicant is seeking Council's development approval to construct two (2) new single storey, modular style grouped dwellings on Lot 216 (No.7) Quondong Court, Lake Grace for residential purposes.

A full copy of the development application received, including supporting documentation and plans, is provided in Attachment 1.

Lot 216 is located in the eastern part of the Lake Grace townsite in a designated, partially developed, low density residential precinct.

The subject land is currently vacant, comprises a total area of approximately 904m², and is gently sloping from east to west with the natural ground level ranging from an average of approximately 301 to 300 metres AHD.

The property has direct frontage and access to Quondong Court, a sealed and drained local access road under the care, control and management of the Shire, and is served by all key essential service infrastructure including electricity, reticulated water, reticulated sewerage, stormwater drainage and telecommunications.

The subject land has been cleared of all native vegetation, does not contain any sites of cultural heritage significance, is not subject to inundation or flooding during extreme storm events and has not been designated by the Fire and Emergency Services Commissioner as being bushfire prone.

Existing adjoining and other nearby land uses are predominantly residential in nature on lots of similar size with the exception of Lot 9002 located immediately east which is a superlot owned by the Shire of Lake Grace that is proposed to be subdivided for low density residential purposes in the future when the demand arises and funding is available.

Council should however note the property is located in close proximity to Stubbs Street which is a State road controlled by Main Roads WA that carries significant volumes of traffic on a daily basis and has potential to generate noise impacts. As such, due consideration must be given to the specific requirements of State Planning Policy 5.4 entitled 'Road and Rail Noise' when designing and undertaking the proposed development.

Location & Lot Configuration Plan (Source: Landgate 2023)

Comment

Lot 216 is classified 'Residential' zone in the Shire of Lake Grace Local Planning Scheme No.4 (LPS4) with a density coding of R20.

The stated objectives in LPS4 for the development of any land classified 'Residential' zone are as follows:

- To achieve a high standard of residential development in accordance with contemporary planning and development practice for the benefit of the community of the Shire of Lake Grace;
- To enhance the character and amenity of residential areas;
- To provide for residential development at a range of densities with a variety of housing types to meet the needs of the community; and
- To provide an opportunity for residents to undertake occupations ancillary to the use of their dwelling that are compatible in character, scale and operation with the residential use and which will not have an adverse effect upon the existing character and amenity of these areas.

Under the terms of the Zoning Table in LPS4 the development of grouped dwellings on any land classified 'Residential' zone is listed as a discretionary (i.e. D) use which means it is not permitted without the local government's development approval.

The application has been assessed with due regard for the relevant objectives, standards and requirements of LPS4, including the Residential Design Codes (Volume 1), and the various matters required to be considered as prescribed in clause 67 of the Deemed Provisions of the *Planning and Development (Local Planning Scheme) Regulations 2015.*

This assessment has confirmed the proposal is compliant, or capable of compliance, with the following

relevant requirements:

- Zoning objectives and land use permissibility;
- Land capability and suitability including topography, soil types and stability, drainage and flood risk;
- Land use compatibility including noise attenuation measures to deal with noise generated by daily traffic movements along Stubbs Street;
- Siting, design and lot boundary setbacks;
- Building height;
- Amenity of the locality including potential environmental, visual and social impacts;
- Protection of the natural environment, water resources and cultural heritage significance;
- Vehicle access and parking;
- Connections to key essential service infrastructure; and
- Stormwater drainage and bushfire risk management.

In light of all the above it is concluded the proposal for Lot 216 is unlikely to have a negative impact on the general amenity, character, functionality and safety of the immediate locality and may therefore be supported and approved by Council subject to the imposition of a number of conditions to ensure the development is undertaken in a proper and orderly manner. As such, it is recommended Council exercise discretion and grant conditional development approval.

Legal Implications

- Planning and Development Act 2005
- Planning and Development (Local Planning Schemes) Regulations 2015
- Shire of Lake Grace Local Planning Scheme No.4

Policy Implications

- State Planning Policy 5.4 Road and Rail Noise
- State Planning Policy 7.3 Residential Design Codes (Volume 1)
- Government Sewerage Policy 2019

Consultation

Public advertising of the application and referral to State government agencies and key essential service providers was not required or deemed necessary. The application was however the subject of discussion with the applicant / landowner prior to and following lodgement of the application to ensure all relevant town planning related matters were considered and addressed.

Financial Implications

There are no known financial implications in relation to this item aside from the administrative costs associated with processing the application which are provided for in Council's annual budget and have been offset by the development application fee paid by the applicant. All costs associated with the proposed development will be met by the applicant/landowner.

It is significant to note should the applicant / landowner be aggrieved by Council's final decision in this matter, they have the right seek a formal review of that decision by the State Administrative Tribunal. Should this occur for whatever reason, which is considered unlikely in this particular instance, the Shire would need to respond. The cost to respond to an appeal cannot be determined at this preliminary stage but could be expected, based on the recent experience of other local government

authorities in Western Australia, to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

Strategic Implications

- Shire of Lake Grace Local Planning Strategy 2007 as it applies specifically to the following matters:
 - Population and Housing Strategy: To ensure a sufficient supply of suitably zoned and serviced residential land in each of the Shire's main settlements to accommodate future housing growth and to provide for housing choice and variety in neighbourhoods with a community identity and high levels of safety, accessibility and visual amenity; and
 - Environmental Protection and Conservation Strategy: To protect, conserve and enhance the environmental values and natural resources of the Shire for the benefit of future generations while providing appropriate development opportunities to promote the local economy.

Summary

Administration has been negotiating with the Department of Communities (DoC) for the purchase of some land on which to construct 2 x 2 bedroom residences for WACHS in which to house nursing staff. The Shire does not hold suitable land on which to erect the residences. After lengthy discussions DoC have finally approved the sale of 84 Bennett St to the Shire of Lake Grace for the sum of \$35,000.00.

Background

In early October 2022 notification was received through WALGA that WACHS was seeking investor partnership opportunities to build new properties for staff throughout WA. WACHS first requested that interested parties make contact with them to determine requirements in their areas. Council was advised of the opportunities and resolved to consider the options available.

WACHS was contacted and advised that they have a shortfall of accommodation in Lake Grace. At the October 2022 Council meeting Council made the following resolution;

RESOLUTION 13650 Moved: Cr Clarke Seconded: Cr Hyde

That Council:

Considers the various options available for potential housing within the Shire of Lake Grace.

CARRIED: 8/0

Further information was received from WACHS and relayed to Council at the December 2022 meeting and the following resolution was made;

RESOLUTION 13522 Moved: Cr Hunt

Seconded: Cr Kuchling

That Council gives approval for the Administration to continue investigations and negotiations with WA Country Health Service (WACHS) for the construction of three 2 x 2 units at 51 Bennett Street, Lake Grace. WA.

CARRIED: 7/0

Comment

After subsequent investigations no Shire owned suitable land was available however DoC had 2 vacant lots in Lake Grace that suited the proposal. Initial contact made in December 2022 with DoC was not fruitful as we were advised that they were required for future development. With the assistance of Hon Shelley Payne MLC Member for the Agricultural Region and Peter Rundle MLA Deputy Leader

of the Opposition pressure was put on DoC which has now resulted in the offer to purchase the land situated at 84 Bennett St Lake Grace.

Now that this land has been made available negotiations can now continue with WACHS for a suitable design and costings and funding options can be commenced. Several designs have been considered by administration. The Shire of Moora has provided one design for 2 x 2 bedroom transportables however they do not fit 84 Bennett St's dimensions. Several other options are being investigated and will be forwarded to WACHS in due course for their suitability.

Before any of this can be done however, Council is required to confirm the purchase of the vacant land at 84 Bennett St Lake Grace. In the event that the proposed partnership opportunity with WACHS falls over the land will still be available for future development of staff or worker housing as identified in the 4WDL Key Worker and Housing Survey undertaken in 2022.

Administration recommends the purchase of the vacant land at 84 Bennett St Lake Grace from the Department of Communities for the sum of \$35,000 and requests Council to confirm approval of the continuation of negotiations with WA Country Health Services (WACHS) for the construction of 2 x 2 bedroom transportable dwellings.

Legal Implications

A firm commitment to lease would be requested from WACHS before commitment to begin construction would be sought.

Formal leasing agreements would be sought from WACHS once the construction is complete.

| Senior Officer | Chris Paget – Deputy Chief Executive Officer |

Summary

For Council to consider the extension of retail trading hours over the 2023 Christmas period and 2024 Public Holidays.

Background

An email has been received from the Department of Mines, Industry Regulations and Safety advising that the Minister for Commerce has approved extended trading hours for the Perth Metropolitan area over the 2023 Christmas period, and public holidays in 2024. The same approval is being offered to regional Local Governments, as listed below:

| Monday 11 December to Friday 15 December | 8.00 am to 9.00 pm |
|--|--------------------|
| Monday 18 December to Friday 22 December | 7.00 am to 9.00 pm |
| Wednesday 27 December to Friday 29 December | 8.00 am to 9.00 pm |
| Weekends from 9 & 10 to 30 & 31 December inclusive | 8.00 am to 6.00 pm |
| Christmas Day | Closed |
| Boxing Day | 8.00 am to 6.00 pm |
| Public Holidays in 2024 | 8.00 am to 6.00 pm |

In the offer, it is stressed that with all extended trading hour variations the decision to open or not during the additional hours provided is at the discretion of the retailer.

Comment

The Department of Mines, Industry Regulation and Safety-Consumer Protection Division recognises that metropolitan hours may not meet the needs of the local community, therefore local governments that require amended trading hours outside of those being offered need to consider their specific requirements and a proposal needs to be submitted with a separate application on the form provided.

If Council does not support the extension of trading hours based on those in the metropolitan area, then an alternative recommendation would be that 'Council not support extended trading arrangements over the 2023/2024 Christmas and New Year period and Public Holidays in 2024'.

<u>Summary</u>

For Council to consider provision of community funding to the Newdegate Container Exchange for the provision of extra recycling bins and increasing community awareness around the 'Containers for Change' initiative.

Background

The Newdegate Container Exchange originally submitted a community funding request right on the deadline for evaluation in mid-April this year. Some additional information was requested to support the application, however unfortunately due to staffing changes and movements at that time the request was mistakenly not included with the initial list prepared for inclusion in the 2023-24 annual budget.

The Exchange have recently queried whether the application was able to be funded and have since provided the additional information sought for the request. For this year's annual budget Council approved an allocation of funds greater than applications received during the regular submission phase so as to enable to consideration of community funding requests right throughout the financial year.

Comment

The proposal seeks an amount of \$4230 from the Shire of Lake Grace for the "Don't Feed the Fill" - Awareness, Education and Engagement initiative. According to the project summary, the aim of the project is to:

Increase awareness of Containers for Change locally by having more visible branding and extra bins, so we can better service Newdegate including during the Field Days. Also, to place stickers on all of our bins, as a visual reminder of acceptable materials in each bin type, endeavoring to reduce contamination.

We are also aiming to educate more people about what is acceptable in the different bin options, thus cutting down on contamination which up to date has included unfinished food, general plastics and on the odd occasion, sanitary products. Our bins are hand sorted by our volunteers.

Other benefits from increased exposure and education should be:

- reduction of roadside rubbish
- reduction of recyclables in landfill

By putting stickers of what is allowed on each bin:

- This will hopefully prompt people to choose the correct bin for their rubbish.
- An image will help the non-English speaking tourists/residents to choose the correct bin.
- It will also help more of the community to become "recycling literate".

In 2022 the Newdegate Container Exchange group won the WA Containers for Change "Changemakers - Volunteer Refund Point Operator of the Year" award. The citation for the award reads as follows:

Newdegate's passion for their local community is what led Newdegate Container Exchange to be born. It provided the community with the opportunity to reduce landfill, offer recycling to shire residents and farmers who previously did not have access to recycling, and create a new fundraising stream for local clubs and not-for-profits.

It also provided opportunities for a local young adult with a disability to work at the local refund point. Newdegate Container Exchange contacted local businesses, commenced letter drops, formed partnerships with events and local commercial businesses, as well as created their own Facebook group to inspire the community to save as many containers as possible from landfill. In just over one year of operation, Newdegate has achieved everything they set out to achieve plus much, much, more.

14.4.5 REQUEST FOR CHANGE OF MANAGEMENT ORDER DESIGNATED PURPOSE – CROWN RESERVE 46769

| Applicant | Nutrien Ag Solutions |
|------------------------|--|
| File No. | |
| Attachments | Nil |
| Author | Chris Paget – Deputy Chief Executive Officer |
| Disclosure of Interest | Nil |
| Date of Report | 26 September 2023 |
| Senior Officer | Alan George - Chief Executive Officer |

Summary

The purpose of this report is to seek Council's endorsement to make application to the Minister for Lands to change the designated purpose of the Crown Reserve 46769 from 'Parking, Recreation and Automatic Weather Station" to "Parking, Recreation, Automatic Weather Station and Storage Area" with the power to lease or sub-lease or licence for any term not exceeding twenty-one (21) years.

Background

Nutrien Ag Solutions Lake Grace have made enquiries with the Shire regarding the possible lease and use of Lot 364 at 79 Stubbs Street, Lake Grace for storage yard space (fencing and gates to be installed, no buildings to be erected). This small strip of land totals 1035m2 and is bounded by Public Transport Authority railway reserve to the north. Nutrien have sought and received PTA approval to utilise this portion of Crown Reserve 46639.

On the 1st September 1994, the Shire of Lake Grace entered into Head Lease 5525 with the Western Australian Government Railways Commission of West Parade, Perth, Western Australia, trading as Westrail for the term of 21 years, expiring 31 August 2015.

On 26 April 2002 the Shire of Lake Grace was named the Management Body of Part Crown Reserve 46769 for the purposes of Parking & Recreation.

In November 2005, under the Transfer of Land Act 1893 and the Land Administration Act 1997, Lease 5525 was superseded by a Management Order for Reserve 46769.

On the 20th February 2019 the Council of the Shire of Lake Grace resolved to make application to the Minister for Lands for an amendment to the designated purpose of Crown Reserve 46769 for Lots 360, 363 and 364 on Deposited Plan 28253, Stubbs Street Lake Grace. The amendment was sought due to advice being received from DPLH that a proposed lease with the Bureau of Meteorology for the automatic weather station could not proceed as the use of the land was not compatible with the designated purpose on the existing Management Order. This amendment to land use purpose as "Parking, Recreation and Automatic Weather Station" was granted by the Minister on 22nd March 2019.

Under the Management Order the Shire of Lake Grace has the 'Power to Lease (or sub-lease or licence) for the designated purpose is granted for the whole or any portion for any term not exceeding twenty-one years from the date of the lease subject to the approval in writing of the Minister for Lands being first obtained to each and every lease or assignment of lease, pursuant also to the provisions of section 19 of the Land Administration Act 1997.

Comment

Administration is seeking Council endorsement to request Minister for Lands to change the reserve purpose to ensure it is compatible with the proposed use. The change of a reserve purpose can only be undertaken with authorisation from the Minister responsible. Nutrien Ag Solutions should also make application for access and use of crown land noting their consultations with the Shire.

Prior to any Crown Reserve being leased or sub-leased between the Shire of Lake Grace and other parties the Minister for Lands approval is also required. Council's endorsement is sought to make application to Minister for Lands to change the designated purpose of the Crown Reserve 46769 from 'Parking, Recreation and Automatic Weather Station" to "Parking, Recreation, Automatic Weather Station and Storage Area" with the Power to Lease or sub-lease or licence for any term not exceeding twenty-one (21) years.

Should the amendment to the purpose of the Management Order has be approved by the Minister, the Shire will then be in a position to enter into a lease arrangement with Nutrien Ag Solutions for the land. Council's endorsement and approval from the DPLH of this lease will again need to be sought. Nutrien have recently renewed the lease for their branch facility at 87 Stubbs Street for a further 5 years commencing 1st January 2024 and options to extend up to 31 December 2034; they are hopeful that a lease with the Shire can align with these dates.

Summary

Consideration of the Monthly Financial Reports for the period ending 31 July 2023 and Bank Reconciliations for the month ending 31 July 2023.

Background

The provisions of the Local Government Act 1995 and associated Regulations require a monthly financial report is presented at an Ordinary Council meeting within two (2) months of the period end date.

Comment

As at 31 July 2023, operating revenue is slightly below the target by \$18,483 (0.31%), mainly due to Interest earnings lower than the budget. Reserve Term Deposit will mature in November 2023 and Interest will be received then.

Operating expenditure is under YTD budget by \$583,379 (52.36%) mainly due to Materials and contracts being down due to delays in operating jobs. Employee costs are slightly under budget due to vacancies in works and services. Utility charges below the budget due to bills arriving later in the year. Depreciation is lower as well and will be posted to the accounts when the 22/23 Annual Financial Statement is completed.

The capital program is below the target by \$482,174 (89.60%). Bulk of "Local Roads & Community" and "Drought & Community" projects are not yet initiated/finalised, funds will be recognised later in financial year. Payments for property, plant and equipment are below target as well due to a large portion of Capital projects not being initiated as yet (88%) or in an early stage of completion. This leads to Capital grants income decrease being offset by the reduction in payments for property, plant and equipment.

Cash at bank is similar to the corresponding period last year, an investment agreement for a term deposits with Commonwealth Bank is in place (\$5,000,000), as well as Overnight Cash Deposit with WA Treasury Corporation for \$7,250,257.

The due date for rates payments is 04/09/2023, thus the outstanding rates are just below 100%.

General debtor is \$540,506 with no major outstanding debts to follow up, as the bulk of the invoices are paid in August.

The monthly financial reports include the accompanying Local Government special purpose financial statements for the Shire of Lake Grace, which comprises the Statement of Financial Activity (by Statutory Reporting Program), a summary of significant accounting policies and other explanatory notes for the period ending 31 July 2023. The financial statements have been compiled to meet compliance with the Local Government Act 1995 and associated regulations.

The Shire of Lake Grace is responsible for the information contained in the financial statements and is responsible for maintenance of an appropriate accounting system in accordance with relevant legislation.

Legal Implications

Section 6.4 of the Local Governments Act 1995 provides for the preparation of financial reports.

In accordance with Regulation 34(5), a report on variances greater than the materiality threshold (\$5,000 or 10% whichever is greater) must be compiled and adopted by Council. As this report is composed at a program level, variance commentary considers the most significant items that comprise the variance.

4.1 LAKE GRACE LIBRARY REPORT

Accessioning, book exchange and VDX are all up to date.

I had two, one hour training sessions with Softlink (Oliver v5) one in June and one in August. This was very helpful and informative.

I had my list of questions, one being on the import of the SLWA exchange books and how it takes many steps to enter each individual book. Softlink were unaware of this, as they don't have a lot to do with public libraries. They have contacted their Tech Support team, and now has been sorted.

The Lake Grace P & C purchased book ends for the junior section of the library. This purchase is greatly appreciated.

I had sick leave and a week annual leave in late May. Rosie Timperley did my relief. I also took annual leave in the last school holidays. Rosie and Mandy Lane did the relief.

We are in the middle of 2023 Scholastic Book Fair. Sales are going slow. The Fair finishes on Thursday 26 October.

I did the library vacuuming/cleaning for five weeks in August/September as the school was down on cleaners.

Students are still using the library at recess and lunch times. The school has put some extra card/board games in the library for children to use at lunch time.

4.2 LAKE GRACE COMMUNITY RESOURCE CENTRE REPORT

It's been all go at the CRC with our AGM being held tonight. We have noticed an upswing in the sales of the Lakes Link which has been good to see have been kept busy with the annual cricket book, ram sale flyers, end of year sporting certificates and invites, scanning and printing for the Pingaring and Pingrup centenaries plus our walk in customers.

We've been flat out with workshops including accredited training such as Forklift, Working At Heights, Working in Confined Spaces, Piloting and Truck. We are already scheduling more of these workshops for 2024, thankfully TAFE has been able to access another forklift trainer and the federal government has extended the heavy subsidization of TAFE training.

There was also a 'What to do after an Accident' workshop that was facilitated by Injury Matters, this was followed by a SOYF information session. Earlier this month we held a First Aid for Youth, we had 11 participants who were all successful in their training; this was funded by the Lake Grace Community Cropping Community Grants with catering supplied by Lake Grace Roadwise and the CRC. The trainer wrote to St John in Northam to comment as to how wonderful the group was, something that she has never apparently done before.

Projects that we're involved in are making progress:

- The Men's Shed is up, only needing a few smaller jobs to be done before the Building Surveyors can come down and close off on the project.
- The LCDC Bushcare project will be finalized by the end of the year; we held a very well supported Bushcare information session in August.
- Across the Lake reprint is nearly there with our part of the job done! Hopefully the Visitor Centre will have some books ready for sale for Christmas.
- Gym equipment is all in but the set at the recreation area is still waiting on the signage to be installed as well as sleepers and a sand pad.
- We have been advertising for stalls for the Harvest Festival with some good response; the new park in the main street will be an asset to the night. I haven't yet heard from Lotterywest whether or not we have any funding.
- The CRC has funding to put toward an event for youth in the 18-35yo age group; this must be organized and run by youth within that age group so an independent committee has been established. They are looking at an Oktoberfest in October 2024. The goal is that we can continue with an event every second year that meets the needs of our youth.
- The CRC is also auspicing for Lake Grace Reconnect for their Ladies Long Table Luncheon that will be held in March of 2024.
- In August there was an information session on 'Staying in Place' an initiative that is gaining momentum in Australia for smaller communities where there is no organization in place to take up federal packages for our aged who are needing assistance. The CRC sent our surveys in September to the community to see if there was anyone interesting in being a provider; we have had a good response. Mable will be here next Monday to talk to potential providers about accessing the platform and setting themselves up. We have a couple who were happy to be our 'guinea pigs'; we hope to have something in place for 2024. The hospital are supportive of this venture as they are well aware of the need within the community and that they cannot meet the demand, unfortunately federal packages can't be taken up by state government organisations.

Centrelink van is coming to Lake Grace in November, will also have NDIS with them.

Re: Development application – 338 Purnta Road, Lake Varley

To whom it may concern,

I am writing to submit a development application for review and council approval by the Shire of Lake Grace.

The application is to build additional dwellings for accommodation on our agricultural lot at 338 Purnta Road, Lake Varley (lot 2825). Both the current and new dwellings will be used as part of our farming operation.

Our intention is to have a 4-section modular home built in Perth and assembled on site. Providing us with an additional home (4 bedroom & 2 bathroom). As well as building a 10mx15m garage nearby. Both the modular home, garage and yard would cover a total area of approximately 1600m² located outside of the identified bush fire prone areas currently reported by Department of Fire and Emergency Services.

The land where the new dwellings will be is currently cropped, the placement there will not change the overall use of the land or the productivity capacity of the land. This location is approximately 500 meters from the current house and sheds on the lot. Our aim with this decision is to create a greater safety buffer between the hazards associated with agricultural operations and any families living in the accommodation.

Please find attached to this letter the following supporting documents for your consideration:

- Signed Form 1 Application for development approval
- A copy of the Certificate of Title
- Site plan [developed by Development Cartographics and reviewed by Joe Dougals]
- Building plans
- Bush Fire Prone Areas Map for the site [sourced DFES website on 22nd August 2023]

Thank you in advance for your time and consideration of the application. If there is any further information that would aid the Council's review, please do not hesitate to contact us.

Warm Regards,

Richard Cornwall

PART 1 – COUNCIL COMMITTEES

Section 5.8 of the **Local Government Act 1995** provides that Council can establish committees of three (3) or more persons. An **Absolute Majority** decision is required.

1.1 Types of Committees

Section 5.9 provides that a committee can comprise:

- a) Council Members only; or
- b) Council Members and Employees; or
- c) Council Members and Employees and other persons; or
- d) Council Members and other persons; or
- e) Employees and other persons; or
- f) Other persons only.

1.2 Appointment of Committee Members

Section 5.10 provides for the appointment of committee members. A decision to appoint committee members requires an **Absolute Majority** decision of Council.

At any given time each Council member is entitled to be a member of at least one (1) committee that comprises Council members only, or Council members and employees. If a Council member nominates himself/herself to be a member of such committee/s, the Council is to include that Council member to at least one of those committees as the Council determines.

If the Council is to make an appointment to a committee that has or could have a Council member as a member and the President informs Council of his/her wish to be a member of the committee, the Council is to appoint the President to be a member of the committee.

If the Council is to make an appointment to a committee that has or will have an employee as a member and the Chief Executive Officer informs the Council of his/her wish:

- a) to be a member of the committee, or
- b) that a representative of the Chief Executive Officer be a member of the committee

the Council is to appoint the Chief Executive Officer or the Chief Executive Officer's representative, as the case may be, to be a member of the committee.

1.3 Tenure of Committee Membership

Where a person is appointed as a member of a committee under *section 5.10(4)* or *(5)* (i.e. the sections relating to appointing the President and the Chief Executive Officer or the Chief Executive Officer's representative to a committee), the person's membership of the committee is valid until:

- a) the person no longer holds the office by virtue of which the person becomes a member, or is no longer the Chief Executive Officer, or the Chief Executive Officer's representative, as the case may be,
- b) the person resigns from membership of the committee,
- c) the committee is disbanded, or
- d) the next ordinary elections day, whichever happens first.

Where a person is appointed as a member of a committee other than under *section* 5.10(4) or (5), the person's membership of the committee continues until:

- a) the term of the person's appointment as a committee member expires,
- b) the Council removes the person from the office of committee member or the office of committee member otherwise becomes vacant,
- c) the committee is disbanded, or
- d) the next ordinary elections day, whichever happens first.

1.4 Elected members obligation when appointed by Council

Councillors are to represent the views of Council, as deemed by resolution Policy or strategic objectives, when attending Committee meetings and Working Groups that include "other persons".

"Other Persons" means a person who is not a Council member or employee

1.5 Election of Presiding Member and Deputies

The members of a committee are to elect a presiding member and deputy presiding member from amongst themselves in accordance with *section 5.12*.

1.6 Quorum

The quorum for a meeting of a committee is at least 50% of the number of offices (whether vacant or not) or member of the committee.

The Council may, with an absolute majority decision, reduce the number of offices of committee members required for a quorum at a committee meeting specified by the Council if there would not otherwise be a quorum for the meeting.

1.7 Presiding at Committee meetings

The presiding member elected by the committee is to preside at meetings of the committee.

If, in relation to the presiding member of a committee:

- a) the office of presiding member is vacant, or
- b) the presiding member is not available or is unable or unwilling to perform the functions of presiding member, then the deputy presiding member, if any, may perform the functions of presiding member.
- If, in relation to the presiding member of a committee:
- a) the office of presiding member and the office of deputy presiding member are vacant, or
- b) the presiding member and the deputy presiding member, if any, are not available or are unable or unwilling to perform the functions of presiding member,
 - then the committee members present at the meeting are to choose one of themselves to preside at the meeting.

1.8 Delegation of some powers and duties to certain committees

Under and subject to *section 5.17*, Council may delegate to a committee any of its powers and duties other than the power of delegation. An **Absolute Majority** decision of Council is required.

A delegation is to be in writing and may be general or as otherwise provided in the instrument of delegation.

A delegation has effect for the period of time specified in the delegation or if no period has been specified, indefinitely.

Any decision to amend or revoke a delegation is to be made by an Absolute Majority.

Although Council may have delegated authority to a committee, nothing prevents the Council from performing any of its functions by acting through another person.

1.9 Limits on the delegation of powers and duties to certain committees

The Council can delegate:

- a) to a committee comprising Council members only, any of the Council's powers or duties under the Act except:
 - any power or duty that requires a decision of an absolute majority or a 75% majority of the Council; and
 - ii. any other power or duty that is prescribed;
- b) to a committee comprising Council members and employees, any of the council's powers or duties that can be delegated to the Chief Executive Officer; and
- c) to a committee comprising Council members, employees and other persons, Council members and other persons, and employees and other persons, any of the council's powers or duties that are necessary or convenient for the proper management of:
 - i. the Council's property; or
 - ii. an event in which the Council is involved.

The Council cannot delegate any of its powers or duties to a committee comprising "other persons only".

1.10 Statutory compliance

The Presiding Member, deputy presiding member, committee members and the Council officer responsible for the committee are to make themselves fully conversant with all of the provision of the *Local Government Act 1995* and Council's Standing Orders relating to committees and committee meetings.

Council has resolved to formally establish the following committees with the membership and other relevant information as shown.

Subject: Proposal for Temporary Dome Shelter with Fire Protection and Storage Space

Dear Mr Alan George

We're writing to you on behalf of our business, McKenzie Concrete Co., to propose a solution that could address our current space constraints and enhance our operational capacity. We are seeking approval for a temporary dome shelter that would serve as a parking space for light vehicles and machinery at lot 101, Stubbs St Lake Grace.

To ensure fire protection, we plan to attach water facilities with a Honda Pump to the shelter. The containers will be securely anchored to the ground using concrete footings.

We have recently secured a contract to supply and manufacture precast products. This has led to an increased requirement for storage and parking space for our plant and machinery.

The primary reason for this request is that our current town yard at 24 Mason St, Lake Grace is inadequate to accommodate our growing fleet of plant and machinery. This space constraint has led to overcrowding, making it challenging for us to work at our full capacity. This situation affects our efficiency.

It's worth noting that our business employs five local residents, contributing to the local workforce and economy. We also have strong community support for this project, as it aligns with our commitment to providing quality services to the community. We kindly request your support and approval for this project, which will not only benefit our business but also contribute to the local economy and enhance our ability to serve our clients and wider communities.

We would be grateful for the opportunity to discuss this proposal further and provide any additional information required. Thank you for considering our request, and we look forward to your positive response.

Sincerely,

Jeff and Symone McKenzie – Directors McKenzie Concrete Co. 0458 693 014 Jmckenzie80@bigpond.com

EQUAL EMPLOYMENT OPPORTUNITY MANAGEMENT PLAN 2023-2025

CEO POSITION STATEMENT

It is with pleasure I present to you the Shire of Lake Grace EEO Management Plan for 2023-2025.

This EEO Management Plan has been developed in accordance with Part IX of the Equal Opportunity Act 1984 and is aligned with the Director of Equal Opportunity in Public Employment's EEO and Diversity Outcome Standards Framework.

Workforce diversity is a business imperative and is part of good human resource management practice. An inclusive and accepting workplace has benefits for all employees. A diverse workforce will attract and retain quality employees, which translates into effective business decisions and effective service delivery.

Our EEO Management Plan is the foundation for a working environment free from harassment and discrimination. Through the implementation of this plan we will strive to build a workforce and supporting organisational culture that reflects the diversity of the greater community. Our plan is a living document that we will continue to develop and build on for our future success.

I encourage all staff to embrace equity and diversity within the organisation. We value EEO/diversity and aim to ensure that the work environment is free from racial and sexual harassment and that employment practices are not biased or discriminate unlawfully against employees or potential employees. Our employment programs and practices recognize and include strategies for EEO groups to achieve workforce diversity.

On behalf of the Shire of Lake Grace, I hereby commit to the strategies outlined within this Equal Employment Opportunity Management Plan.

I look forward to ongoing commitment and involvement from all staff in implementing this EEO Management Plan.

| CHIEF EXECUTIVE OFFICER | | |

Introduction

The Shire of Lake Grace aims to provide an environment of fairness and equity in its workplace. Council believes that equal opportunity creates a more harmonious and productive workplace, which not only benefits Council, but also, the wider community.

Council considers it the right of every individual to carry out their job in an environment which promotes job satisfaction, maximises performance and provides economic security. Such an environment is dependent on it being free from all forms of harassment, discrimination and victimisation.

Council operates under the following State and Federal legislation (as amended):

- Local Government Act 1995
- Public Sector Management Act 1994
- WA Equal Opportunity Act 1984
- The Racial Discrimination Act (Cth) 1976
- The Sex Discrimination Act (Cth) 1984
- The Human Rights and Equal Opportunity Commission Act (Cth) 1987
- The Disability Discrimination Act (Cth) 1992

In accordance with the WA Equal Opportunity Act 1984, the Local Government shall develop and maintain an Equal Opportunity Management Plan.

Definitions

Discrimination is treating someone unfairly due to their race, sex, marital status, pregnancy or breast feeding, impairment, religious or political conviction, age, family responsibility, family status, sexual orientation to include gay, lesbian, bisexual and heterosexual or gender reassigned person. These grounds may change as legislation is amended.

Harassment is defined as any unwelcome, offensive comment or action relating to the grounds of discrimination. It is behaviour towards another employee that is offending, humiliating or intimidating. It shall not be condoned and if necessary, disciplinary action shall be taken.

Any individual who experiences harassment should immediately make it clear to the person(s) concerned that such behaviour is unwelcome.

However, if the individual has difficulty in doing this, then assistance should be sought from others to meet with the person(s) concerned.

Workplace Bullying is defined as repeated, unreasonable or inappropriate behaviour directed towards a worker, or group of workers, that creates a risk to health and safety.

Procedure

It is the responsibility of all staff to ensure that proper standards of conduct as contained in the Local Government's Code of Conduct are upheld in the workplace. Management and staff in supervisory positions shall ensure that the work environment is free from all forms of bullying, harassment and discrimination.

Allegations of discrimination or harassment should be discussed or assistance sought from management, Contact Officers or Human Resources.

In all cases, the utmost care shall be taken to investigate allegations impartially by recognising the rights of all parties. The confidentiality of any allegation shall be maintained by all employees involved in investigating and resolving the issue.

The Local Government will not tolerate victimisation of any party.

If an employee is dissatisfied with the outcome of any conciliation attempt, they may take the matter up with the Equal Opportunity Commission, Fair Work Commission or their Union.

Grievance, investigation and resolution procedures can be found in the Shire of Lake Grace administrative policy manual.

Workplace Bullying

The Shire of Lake Grace considers workplace bullying unacceptable and will not tolerate it under any circumstances.

Workplace bullying is defined as repeated, unreasonable or inappropriate behaviour directed towards a worker, or group of workers, that creates a risk to health and safety. Workplace bullying may cause the loss of trained and talented employees, reduced productivity and morale and create legal risks.

Shire of Lake Grace believes all employees should be able to work in an environment free of bullying. Directors, managers and supervisors must ensure employees are not bullied. Shire of Lake Grace has grievance and investigation procedures to deal with workplace bullying. Any formal complaints of workplace bullying will be treated seriously and investigated promptly, confidentially and impartially.

Shire of Lake Grace encourages all employees to report workplace bullying in accordance with the Commission for Occupational Safety & Health Guidelines. Directors, managers and supervisors must ensure employees who make complaints, or witnesses, are not victimised.

Disciplinary action will be taken against anyone who bullies a co-employee. Discipline may involve a warning, transfer, counselling, demotion or dismissal, depending on the circumstances.

Equal Employment Opportunity

In accordance with the Local Government Act 1995 (as amended) the Council shall recruit in accordance with the principles of merit and equity and shall ensure that discrimination does not occur. All employment training with the Council shall be directed towards providing equal opportunity to all employees provided their relevant experience, skills and ability meet the minimum requirements for such training.

The equal employment opportunity goals of the Council shall be designed to provide an enjoyable, challenging, involving, harmonious work environment for all employees where each has the opportunity to progress to the extent of their ability.

Council's Obligation

The Local Government has a legal obligation to make sure that the Council is free from discrimination and harassment. The following laws state this requirement:

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 15 to these financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

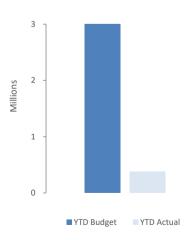

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with Financial

recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

KEY INFORMATION

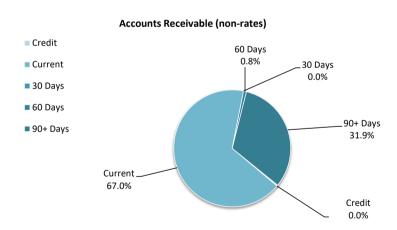

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods s and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trad receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Rates received in advance give rise to a financial liability. On 1 July 2 the prepaid rates were recognised as a financial asset and a related amount was recognised as a financial liability and no income was recognised. When the taxable event occurs the financial liability is extinguished and income recognised for the prepaid rates that have not been refunded.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

Amounts shown above include GST (where applicable)

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

OCM 25 October 2023 Attachment to Item 14.6.1

16 October 2023

Shire of Lake Grace Mr Alan George PO Box 50 Lake Grace WA 6353

Dear Alan,

RE: State Conference Sponsorship Request for ICPA 15th March 2024

The Isolated Children's Parents' Association (ICPA) is a well-respected Local, State and National not-for profit, non-partisan and voluntary organisation. It is a **parent** body that **advocates for all regional, rural and remote students and supports families to access a suitable and equitable education**, from early childhood education through to post compulsory education. Members include a significant number of families in the Lakes District area from Albany to Newdegate.

The ICPA Lakes District Branch is convening our next State Conference on the 15th March 2024. Our State conference has approximately 80-100 Statewide members in attendance, in addition to Members of Parliament, Education department officials, telecommunication representatives, ABC news reporters and rural press.

We would like to invite Shire of Lake Grace to sponsor our conference with financial sponsorship of \$200-\$1000 to assist in keeping our conference costs to a level that promotes State-wide attendance by parent members. However, we welcome any amount, please find attached our Sponsorship table. We also welcome items that can be used as raffle prizes on the day. Please note we are registered with charity status.

All sponsorship will be fully acknowledged in conference booklets, PowerPoint presentation and speeches. Sponsorship is also publicised in our bi-annual magazine "Bits and Pieces'. You are welcome to display a banner and add promotional items/information to the conference satchels.

We would very much appreciate your support in ensuring that children in rural areas have equitable access to the appropriate education they deserve. Please do not hesitate to contact me if you need any more information, a conference invitation will be circulated in February.

Yours sincerely,

Fiona Hobley

Voice for Regional Education

WHAT IS ICPA ABOUT?

ICPA stands for **Isolated Children's Parents' Association**. Many people mistakenly believe it is only relevant to those living on outback properties or schooled by Distance Education/School of the Air.

In fact, the word 'isolated' in their title means 'isolated from education' at all levels.

So, if you live in a rural town and you don't have access to early childhood education then ICPA advocates for you. If you live in a rural town that doesn't have access to a high school, then ICPA is advocating for you. If you live in a large regional center which doesn't a University or TAFE campus or the campus doesn't offer the courses your child wants, ICPA is advocating for you. ICPA is a volunteer parent-based association.

ICPA WA has over 340 family members residing in country WA. The annual ICPA State Conference brings together members, educators, politicians, the business community and interested community members to listen to and address concerns, share the successes and plan for the future of education for regional, rural & remote areas.

Networking is the main aim of the ICPA Conference. As a sponsor, you will be able to network with country families and businesses. There will also be the opportunity to promote your business to service providers of regional rural & remote industries and related sectors such as mining, agriculture, education and government.

Media opportunities will be actively sought, and it is expected that regional media outlets will provide coverage leading up to the event, as well as during and after the conference.

This is an amazing opportunity for your business to be widely acknowledged and associated with the educational wellbeing for all our regional, rural & remote students.

We also invite sponsor input and suggestions to add to our conferences icpawa.conference@gmail.com
