### 14.0 REPORTS OF OFFICERS

### 14.1 INFRASTRUCTURE SERVICES

### 14.1.1 PERMANENT CLOSURE OF WALKER ROAD, LAKE GRACE

Applicant	Shire of Lake Grace
File No.	0355
Attachments	1. Letter submitted by G & P Carruthers
	2. Map showing road location
Author	Mr Craig Elefsen - Manager Infrastructure Services
Disclosure of Interest	Nil
Date of Report	15 May 2023
Senior Officer	Mr Alan George - Chief Executive Officer

### Summary

For Council to consider the permanent closure of Walker Road, Lake Grace.

### Background

Walker Road is a no-through road that runs west off Kulin - Lake Grace Road and ends at the North Lake Grace Salt Lake. The western end of Walker Road becomes impassable when it's wet or when the Lake has water in it. In recent times a road train has used Walker Road as they thought it was a through road and became bogged near the lake and the assistance of nearby landowners was required to recover the bogged vehicle.

### <u>Comment</u>

Walker Road is classified as a C Class road on the Shire road network meaning it is a low-priority road. Due to the amount of traffic that uses Walker Road, it seems like a reasonable request to close Walker Road to public traffic and allow the neighbouring landowners to use it as an access track to their farms only. If supported by the council and the community the Shire will put a request to Main Roads to have the signs taken down on the Kulin - Lake Grace road and the adjoining landowners will be requested to maintain the road if they wish to use it as a private access to their land.

Per section 58(3) of the Land Administration Act 1997, if Council agrees to close Walker Road a notice of its resolution must be advertised in a newspaper that circulates the locality (*The West Australian*) to provide the community a chance to submit objections. After 35 days of the notification and when the Shire has addressed all objections a request can be made to the Minister of Lands for the permanent closure of the road.

When notification is sent through *The West Australian*, the same notification will be put up on the Shire website, Facebook page and through the local newsletters as well.

Another report to Council will be presented to the Ordinary Council Meeting following the elapsed 35 days where objections from the public will be presented for Council to respond to. These objections, the Shire's Recommendations and Council's response and Resolution will be included in a report to request for the permanent road closure of Walker Road.

### Legal Implications

### Land Administration Act 1997 s58 – Closing roads

- (1) When a local government wished a road in its district to be closed permanently, the local government may, subject to subsection (3), request the Minister to close the road.
- (2) When a local government resolves to make a request under subsection (1), the local government must in accordance with the regulations prepare and deliver the request to the Minister.
- (3) A local government must not resolve to make a request under subsection (1) until a period of 35 days has elapsed from the publication in a newspaper circulating in its district of notice of motion for that resolution, and the local government has considered any objections made to it within that period concerning the proposals set out in that notice

### Policy Implications

Nil

**Consultation** 

Internal: Mr Alan George, Chief Executive Officer

External: Mr Greg Carruthers, Adjoining landowner

### Financial Implications

An estimate of \$1,500.00 will be required for advertising in the Western Australian and for materials to install a fenced/barricaded/gate to prevent public access to Walker Road. These funds will come from the Road Closure / Gazettal's account.

### Strategic Implications

### This item aligns with the Shire of Lake Grace Strategic Community Plan 2017-2027

Economic Objective - A prosperous agricultural based economy supporting
diversification of industry

Outcome	1.1	An innovative, productive agriculture industry
Strategies	1.1.1	Enhance and maintain transport network

# Leadership Objective - Strong governance and leadership, demonstrating fair and equitable community values

Outcome	4.1	A strategically focused, unified Council functioning efficiently
Strategies	4.1.2	Promote and advocate for the community and district
Outcome	4.2	An efficient and effective organisation
Strategies	4.2.2	Comply with statutory and legislative requirements

### Voting Requirements

Simple Majority

### **RECOMMENDATION / RESOLUTION**

### **RESOLUTION 13673**

Moved:	Cr Hyde
Seconded:	Cr Kuchling

That Council:

- 1. Agrees to the closure Walker Road to public traffic and to allow the neighbouring landowners to use it as an access track to their farms only.
- 2. Authorises the Shire Administration to advertise the decision in a newspaper that circulates the locality, as per section 58(3) of the *Land Administration Act* 1997.

### CARRIED 6/1

Cr Clarke requested it to be noted that she voted against the motion.

# 14.1.2 APPLICATION FOR ADDING VARLEY STREETS TO RESTRICTED ACCESS VEHICLE NETWORK 6

Applicant	Internal Report
File No.	0489
Attachments	Nil
Author	Jason Lip – Technical Officer
Disclosure of Interest	Nil
Date of Report	23 May 2023
Senior Officer	Craig Elefsen – Manager Infrastructure Services

### <u>Summary</u>

For Council to direct Shire Administration to have Main Roads WA assess the usage of Seward Avenue, Hakea Street, Arthur Street and Thomas Street for a Restricted Local Access Permit for applicant Red River Nominees, as opposed to a RAV Network rating.

### Background

Main Roads WA is the organisation responsible for maintaining the Restricted Access Vehicle (RAV) Network across Western Australia. This network informs heavy vehicle operators as to which roads allow what kinds of heavy vehicle combinations.

The RAV Network is administered and applied to both Main Roads WA controlled roads and Council-owned roads by Main Roads WA. However any person or company can make an application to Main Roads WA to have a road or road section assessed and added to the RAV Network. From there, Main Roads WA Heavy Vehicle Services (HVS) may refer to the relevant local government for assessment if it is a Council-owned road.

### <u>Comment</u>

The Shire has received a referral from HVS to assess:

- Seward Avenue SLK 0.00 0.26
- Hakea Street SLK 0.00 0.18
- Arthur Street SLK 0.00 0.18
- Thomas Street SLK 0.00 0.13

in the Varley Townsite for classification as Tandem Drive RAV Network 6, and Tandem Drive Concessional Level 3, notated as N6.3. The applicant is Red River Nominees who operate Varley Transport near the north end of Seward Avenue. Access to these roads are from Carstairs Road which is already a Tandem Drive RAV Network 7 and Tandem Drive Concessional Level 3 road (N7.3).

A Tandem Drive RAV Network 6 allows legal use of A-doubles and B-triples of 36.5 m length and 88.5 t mass and A-doubles towing an unloaded dolly of 27.5 m + dolly length and 88.5 t + dolly mass. A Concessional Level 3 rating allows an additional 12 t of mass on top of the 88.5 t maximum mass, provided a valid loading scheme is approved by Main Roads WA.

Seward Avenue, Hakea Street, Arthur Street and Thomas Street have no RAV Network rating applied to it, meaning heavy vehicles are technically not allowed on these roads. There are also no traffic counts on these roads, since they are not expected to carry heavy traffic frequently.

In order for the Shire to support the inclusion of the aforementioned roads on to the RAV Network under N6.3, a preliminary assessment is required to be carried out on the road section. However there is a chance that the road's conditions and physical characteristics are insufficient for RAV classification, in which case the Shire may recommend to Main Roads WA that road usage be assessed under a Restricted Local Access Permit (RLAP) instead. RLAP Permits are designed to address 'last mile' situations for freight routes, where the starts and ends of a route are unfeasible to bring up to RAV Network standards for its comparatively low usage.

The Shire administration does not believe these roads should be given a RAV Network classification at all due to the roads being designed for low and light traffic (since it is a townsite without a defined industrial area) and that the applicant's usage of these roads should be done under an RLAP instead.

### Legal Implications

### Road Traffic (Vehicles) Act 2012 Road Traffic (Vehicles) Regulations 2014

### Policy Implications

Nil.

### **Consultation**

Internal: Craig Elefsen, Manager Infrastructure Services

### Financial Implications

No expenditure is expected to be incurred for this recommendation to Main Roads WA beyond administration operational costs.

### Strategic Implications

### Shire of Lake Grace Strategic Community Plan 2017-2027

Objective	Economic Objective – A prosperous agricultural based economy supporting diversification of industry
Outcome	1.1 An innovative, productive agriculture industry
Strategies	1.1.1 Enhance and maintain transport network

Objective	Leadership Objective – Strong governance and leadership, demonstrating fair and equitable community values	
Outcome	4.1	A strategically focused, unified Council functioning efficiently
Strategies	4.1.3	Provide strategic leadership and governance

### **Voting Requirements**

Simple majority required.

### **RECOMMENDATION / RESOLUTION**

### **RESOLUTION 13674**

Moved: Cr Lloyd Seconded: Cr Hyde

That Council:

Directs Shire Administration to report to Main Roads WA that Seward Avenue, Hakea Street, Arthur Street and Thomas Street be used by Red River Nominees under a Restricted Local Access Permit.

# 14.4.1 CRISP WIRELESS – ACCESS TO NEWDEGATE TV/RADIO REBROADCASTING TOWER

Applicant	Leigh Ballard – Crisp Wireless
File No.	0197
Attachments	1.Product Information
	2.Location
	3.Coverage Map
Author	Mr Alan George – Chief Executive Officer
Disclosure of Interest	Nil
Date of Report	8 May 2023
Senior Officer	Mr Alan George – Chief Executive Officer

### <u>Summary</u>

For Council to approve Crisp Wireless' request to locate two pieces of equipment on the Radio rebroadcasting tower at Newdegate Recreation Centre to provide internet connectivity to the Newdegate townsite.

### Background

At the April Council meeting Council approved a request from Crisp Wireless to locate a dish and Omni access point on the TV/Radio rebroadcast tower in Dewar St Lake Grace to service the Lake Grace Townsite. Crisp Wireless, based in Narrogin, is an Internet Service Provider that has been in operation since 2016.

It provides an internet service throughout a large part of the Wheatbelt and Great Southern and has recently installed 4 towers between Lake Grace and East Newdegate.

It received funding for the towers through the Regional Connectivity Program Round 1 funded by the Commonwealth government.

### <u>Comment</u>

Crisp Wireless currently has its network live near to Newdegate and is looking for somewhere in town to be able to offer the service to houses and businesses in town.

Crisp Wireless is seeking permission to access the TV /Radio mast at the Newdegate Recreation Centre on which to locate a dish for backhaul and one Omni access point. The equipment to be installed is the same that is to be installed in Lake Grace.

Granting permission to Crisp Wireless to install its equipment on the existing tower would provide an additional option for Newdegate residents to access the internet.

The request from Crisp Wireless for permission to locate 2 items of equipment on the existing TV/Radio tower is recommended for approval by Council.

### Legal Implications

A formal agreement for Crisp Wireless to access the existing tower will be prepared and executed.

### Policy Implications

Nil

### **Consultation**

Councillors Armstrong and Hunt.

### Financial Implications

Unknown at this time.

### **Strategic Implications**

### This item aligns with the Shire of Lake Grace Strategic Community Plan 2017-2027

# Economic Objective - A prosperous agricultural based economy supporting diversification of industry

Outcome	1.2	A diverse and prosperous economy	
Strategies	1.2.1	Advocate for improved communications and support infrastructure	
	1.2.2	Support local business and promote further investment in the district	
Social Obje	ctive - A v	alued, healthy and inclusive community and life style	
Outcomo	21	An opgaged supportive and inclusive community	

Outcome	2.1	An engaged, supportive and inclusive community
Strategies	2.1.1	Community services and infrastructure meeting the needs of the district

### Voting Requirements

Simple majority

### **RECOMMENDATION / RESOLUTION**

### **RESOLUTION 13675**

### Moved: Cr Clarke Seconded: Cr Lloyd

### That Council:

Approve the request from Crisp Wireless to install one dish and one Omni access point on the existing TV/Radio rebroadcasting tower at the Newdegate recreation Centre to provide an additional internet provider option to the town of Newdegate. With the condition that they undertake a wind rating investigation first to confirm there will not be a detrimental effect on the integrity of the mast.

CARRIED 7/0

14.4.2	Roe Regional Environmental Health Services Scheme – Renewal of Memorandum
	of Understanding – Use of Common Seal

Applicant	Roe Regional Organisation of Councils (RoeROC)
File No.	MOU / 011
Attachments	1. Draft Memorandum of Understanding
Author	Alan George – Chief Executive Officer
Disclosure of Interest	Nil
Date of Report	12 May 2023
Senior Officer	Alan George - Chief Executive Officer

### <u>Summary</u>

For Council to endorse the renewal of the Roe Regional Environmental Health Services Scheme (RREHSS) Memorandum of Understanding (MOU) for the provision of health services and authorise the use of the Common Seal.

### Background

The Roe Regional Organisation of Councils (RoeROC) was established in October 2006 to facilitate voluntary cooperation and resource sharing between the Shires of Corrigin, Kondinin, Kulin and Narembeen.

Since its establishment RoeROC has worked to deliver a number of shared services to its member Councils. The RREHSS provides an environmental health service that included the Shire of Lake Grace from 1 July 2014. RREHSS operates under a MOU between the Councils. The scheme RREHSS operates under the shortened title of RoeHealth. The current MOU expires on the 30 June 2023.

The RREHSS gives direct involvement of each member shire in the management of the scheme and provides access to a number of staff on a cost sharing basis.

The MOU includes Operational Guidelines and is currently administered by the Shire of Corrigin including the employment of 1.2 Full Time Equivalent Environmental Health Officers.

### <u>Comment</u>

Attached is the draft MOU for commencement from 1 July 2023. This updated MOU is to be presented to the members of RoeROC for endorsement on 15 June 2023.

Within the MOU Schedule 1 identifies the Operational Guidelines and details the services that will be provided through this scheme. As can be seen from the list, the services are wide and varied.

The Shire of Lake Grace is currently being serviced to the equivalent of 3 days per fortnight. This is done in-person or offsite depending on the workload. The arrangement has been working well in the past and there is no reason seen to not proceed into the future. Providing there are no changes to the draft MOU Council endorsement is recommended.

Under the provision of the MOU if a member Council no longer wished to participate they have to give twelve (12) months written notice to the other Member Councils. During this time the withdrawing Council is still liable for its contribution to all costs as per the schedule.

### Legal Implications

### Health (Miscellaneous Provisions) Act 1911

26. Powers of local government

Every local government is hereby authorised and directed to carry out within its district the provisions of this Act and the regulations, local laws, and orders made thereunder:

Provided that a local government may appoint and authorise any person to be its deputy, and in that capacity to exercise and discharge all or any of the powers and functions of the local government for such time and subject to such conditions and limitations (if any) as the local government shall see fit from time to time to prescribe, but so that such appointment shall not affect the exercise or discharge by the local government itself of any power or function.

[Section 26, formerly section 25, amended by No. 17 of 1918 s. 5; renumbered as section 26 by No. 38 of 1933 s. 42; amended by No. 14 of 1996 s. 4.]

### Local Government Act 1995

### 9.49A Execution of Documents

- (1) A document is duly executed by a local government if
  - (a) the common seal of the local government is affixed to it in accordance with subsections (2) and (3); or
  - (b) it is signed on behalf of the local government by a person or persons authorised under subsection (4) to do so.
- (2) The common seal of a local government is not to be affixed to any document except as authorised by the local government.
- (3) The common seal of the local government is to be affixed to a document in the presence of
  - (a) the mayor or president; and
  - (b) the chief executive officer or a senior employee authorised by the chief executive officer, each of whom is to sign the document to attest that the common seal was so affixed.
- (4) A local government may, by resolution, authorise the chief executive officer, another employee or an agent of the local government to sign documents on behalf of the local government, either generally or subject to conditions or restrictions specified in the authorisation.
- (5) A document executed by a person under an authority under subsection (4) is not to be regarded as a deed unless the person executes it as a deed and is permitted to do so by the authorisation.
- (6) A document purporting to be executed in accordance with this section is to be presumed to be duly executed unless the contrary is shown.
- (7) When a document is produced bearing a seal purporting to be the common seal of the local government, it is to be presumed that the seal is the common seal of the local government unless the contrary is shown.

[Section 9.49A inserted by No. 17 of 2009 s. 43.]

### **Policy Implications**

### Policy 1.11 – Use of the Common Seal

The Common Seal of the Shire of Lake Grace is to be affixed to the following documents:

- Deeds of agreement
- Senior officer contracts of employment
- Land transactions (including leases)
- Other documents requesting use of the common seal

A document is validly executed by the Shire of Lake Grace when the seal of the Shire is affixed to it by the President and the Chief Executive Officer, and the President and Chief Executive Officer attest the fixing of the seal.

All documents signed under seal must, in accordance with s9.49 of the Act, first be presented to Council for its authorisation of the seal to be affixed to it by the President and the Chief Executive Officer, and the President and Chief Executive Officer attesting the fixing of the seal.

### Consultation

Natalie Manton – Chief Executive Officer Shire of Corrigin

### Financial Implications

The Shire of Lake Grace share of the costs of the scheme is 25% based on the days serviced. The budget for the coming financial year has yet to be finalised.

### Strategic Implications

### Shire of Lake Grace Strategic Community Plan 2017-2027

Social Objective - A valued, healthy and inclusive community and life style			
Outcome	2.2	A healthy and safe community	
Strategies	2.2.2	Provide and advocate for medical and health services	
Environment	Environment Objective - Protect and enhance our natural and built environment		
Outcome	3.2	A natural environment for the benefit and enjoyment of current and future generations	
Strategy	3.2.3	Provide an effective waste management service	
Leadership Objective - Strong governance and leadership, demonstrating fair and equitable community values			
Outcome	4.2	An efficient and effective organisation	
Strategies	4.2.1	Maintain accountability and financial responsibility through	
		effective planning	
	4.2.2	Comply with statutory and legislative requirements	

### Voting Requirements

Simple majority

### **RECOMMENDATION / RESOLUTION**

### **RESOLUTION 13676**

Moved: Cr Clarke Seconded: Cr Hyde

That Council:

 endorse the Roe Regional Environmental Health Services Scheme (RREHSS) for the provision of environmental health services, for the period 01 July 2018 to 30 June 2023; and
 authorise the President and the Chief Executive Officer to affix the Common Seal to the Roe Regional Environmental Health Services Scheme (RREHSS) Memorandum of Understanding (MOU).

### CARRIED 7/0

Applicant	Lake King Agencies & Roadhouse

Date of Report	5 May 2023	
Senior Officer	Alan George – Chief Executive Officer	

### 14.4.3 Lake King Rest Stop – Overnight Caravan Parking

### <u>Summary</u>

A request has been received from the owners of Lake King Agencies & Roadhouse requesting the removal of the "Overnight Caravan Parking Not Permitted in This Area" sign at the rest area opposite the Lake King Roadhouse on the Newdegate Ravensthorpe Rd.

### Background

The Lake King rest stop and public toilets, opposite the roadhouse in Lake King, are very popular with tourists and truckies who utilise the facilities. Some 12 months or so ago an RV dump point was installed adjacent to the toilet block to provide a service for tourists and as an incentive to visit the roadhouse across the road.

There was a similar request from the owners of the roadhouse made back in August 2017 prior to the RV dump point being installed. At the time a file note reveals that they were advised the following;

RV Camping at Lake King - ADVISED THAT IT WAS MAINROADS WA RESPONSIBILITY AND THERE WAS A 24 HOUR REST STOP SOME 60 KLMS ON FROM LAKE KING SO THEY WOULD NOT BE RECEPTIVE TO ANOTHER ONE SO CLOSE. ADVISED WILL DISCUSS WITH CEO TO SEE IF THERE IS AN OPPORTUNITY FOR ACTION, THOUGH CONSIDERATION OF THE LOCAL CARAVAN PARKS MUST BE HIGHLIGHTED.

The rest stop area was carried out with Shire funding to MRWA standards and it cannot be identified on file who was responsible for the no caravan overnight parking conditions.

### Comment

The owners of the Lake King roadhouse have noticed an increase in caravans stopping at the rest area and making comment to them that they would like to stop there overnight but the no overnight camping sign puts them off and that they would rather travel further to find a free camp. Trucks do stop there overnight at times as the drivers shower and refresh.

It is a large area that can support both trucks and caravans so the request is not without merit. Main Roads WA has a number of gazetted rest stops on its website that allow for 24 hours maximum stopping including the corner of Holt Rock South Rd and the Newdegate Ravensthorpe Rd and the corner of Holland Track and Lake Grace Newdegate Rds. MRWA has this site listed on its website as a rest area but not as an overnight rest area.

If overnight stopping is allowed there it may alleviate the problems associated with unserviced rest areas regarding rubbish and waste water disposal. There is also the added benefit that the services of the roadhouse could be used for the purchase of fuel and food.

It is acknowledged that the rest area is only about 2km from the Lake King caravan park however the sort of people that would use the rest area would not stay in the caravan park regardless. Times have changed a lot since the last request with more caravans on the road and a lot more people looking for free camping. If this request is granted it would have to be adequately signposted that trucks have the right of way.

### Legal Implications

Main Roads WA will be consulted to see if there are any restrictions with regard to the provision of the overnight rest area.

### Policy Implications

Nil

### **Consultation**

Consultation will need to be had with;

- Main Roads WA
- Lake King Progress Association
- Lake King Caravan Park

### Financial Implications

None apparent. The toilets are already serviced daily.

### Strategic Implications

### 14.4.4 2023 WA LOCAL GOVERNMENT CONVENTION

Applicant	Shire of Lake Grace
File No.	0029
Attachments	Nil
Author	Alex Adams – Executive Assistant
Disclosure of Interest	Nil
Date of Report	18 May 2023
Senior Officer	Mr Alan George – Chief Executive Officer

### <u>Summary</u>

WALGA have advised that registrations for the WA Local Government Convention will be open this week. Councillors are asked to confirm their attendance and elect voting delegates and proxies for the WALGA Annual General Meeting.

### Background

The 2023 WA Local Government Convention is an opportunity for Council Members to join more than 400 senior representatives from WA Local Governments at the premier event for the sector, where delegates hear from and question a wide range of speakers, are challenged in their thinking, and collaborate with colleagues and key stakeholders. This year the theme for the Convention is "Local Futures"

### <u>Comment</u>

The Convention is being held at Crown Perth from Sunday 17 to Tuesday 19 September 2023. The Heads of Agencies Breakfast, originally set for 1 June to be attended by the President, will be held on the morning of Monday 18 September. The WALGA Annual General Meeting (AGM) will be held on the Monday afternoon.

Council needs to nominate two (2) voting delegates for the WALGA Annual General Meeting which will be on Monday 18 September 2023. These delegates are normally the Shire President and the Deputy Shire President (if they are attending). Two (2) Proxy Delegates are to be nominated in case they are required.

### Legal Implications

Nil

### Policy Implications

Policy 1.6	Members Travel Expenses – Conferences
Policy 1.7	Members Partners Expenses

### **Consultation**

Internal Mr Alan George – Chief Executive Officer

### **Financial Implications**

Exact costs cannot be confirmed as registrations are not yet open at the time of writing. The total cost for 2022 was \$11,800.00 which was for registrations, accommodation, food and travel.

There is \$18,000 allocated in the 2022/23 budget for Councillor Conference Expenses.

### Strategic Implications

### This item aligns with the Shire of Lake Grace Strategic Community Plan 2017-2027

### 14.4.5 REVIEW OF FINANCIAL MANAGEMENT SYSTEMS AND PROCEDURES

Applicant	Shire of Lake Grace
File No.	0202
Attachments	1. Shire of Lake Grace Regulation 5 Internal Audit Review – Paxon Group
Author	Chris Paget – Deputy Chief Executive Officer
Disclosure of Interest	Nil
Date of Report	18 March 2023
Senior Officer	Alan George – Chief Executive Officer

### Summary Summary

For Council to consider the report on the internal audit review on the appropriateness and effectiveness of the Shire's financial management systems and procedures as required under Regulation 5(2)[c] of the Local Government (Financial Management) Regulations 1996.

### Background

Regulation 5(2)[c] of the Local Government (Financial Management) Regulations 1996 requires the CEO to undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures of the local government regularly (and not less than once in every three financial years), and report to the local government the results of those reviews.

The conduct of such a review by an external auditing company allows the Shire to satisfy this requirement.

### Comment

The last Regulation 5 review for the Shire of Lake Grace was undertaken by Moore Stephens consultants at the request of the then CEO in May-June of 2019, however was not presented to Council for endorsement at that time for reasons unknown. This was later followed up by the current administration who undertook the necessary remedial actions outlined in that report, and it was subsequently received and accepted by the Council in September 2020.

For the current review external consultants Paxon Group were engaged to assist the CEO and management with the Regulation 5 review process, and this work was undertaken between February and March of this year. The Paxon Group draft report was received on 11<sup>th</sup> April 2023 whereupon staff provided additional feedback and commentary on matters raised; the finalised version was received on 27<sup>th</sup> April.

The report considered the design and performance of our financial management systems to be appropriate, with a high number of areas of strength. The findings and recommendations in the Paxon report reflect the current efforts of the Shire administration in identifying potential risk and compliance shortcomings, and in particular legacy issues arising from past years which are already being addressed through appropriate policy and procedures development.

Paxon reviewed the Shire of Lake Grace financial management systems and procedures across the period 1 February 2022 to 31 December 2022 and made audit findings in relation to the following risk areas:

- Procurement & Conflicts of Interest;
- Credit Cards; and
- Documented Processes.

The findings from examination and testing for the above-mentioned three areas are as follows:

### 5.1 Conflict of Interest

### Audit Finding

Paxon performed testing for a sample of 10 transactions to assess if they underwent the appropriate tender or request or quote process.

It was noted that there were no documented conflict of interest forms provided as evidence of consideration of conflicts within the processes tested as they are only documented if identified.

Hence, there is no documented evidence to reflect if there was consideration of conflicts.

### **Risk Rating**

Paxon has determined this finding to be of Medium Risk

### Implication

Lack of evidence of the consideration of conflicts of interest within the procurement process.

### Recommendation

Confirmation of the consideration of conflicts should be documented and recorded as evidence.

### Management Comment

Recommendation is supported and all future tender evaluations will include signed copies of Conflict of Interest declarations, however this will not apply to purchases under the \$100,000 threshold in accordance with the Shire Purchasing manual.

### Action Owner

Manager Infrastructure Services/ Deputy Chief Executive Officer.

### Target Completion Date

30 June 2023

### 5.2 Credit Card Approval

The CEO's credit card expenditure is reviewed and approved by another officer.

Paxon could not identify that credit card expenditure was reported to Council.

### **Risk Rating**

Paxon has determined this finding to be of Medium Risk

### Implication

Credit card expenditure is not reviewed and approved by an independent person.

### Recommendation

Review and approval of the CEO's credit card expenditure should be performed by the Shire President.

### Management Comment

CEO credit card is reviewed and approved by Manager Corporate Services, this is deemed to be more practicable than having the Shire President to approve. The itemised credit card payments are included in the total monthly payments presented to Council for approval and adoption at each Ordinary Council meeting.

### Action Owner

CEO/Manager Corporate Services or Other Senior Manager when appropriate

### **Target Completion Date**

No Further Action

# 5.3 Documented Processes Audit Finding There is limited process documentation in place to guide officers as to how processes should be performed. This includes areas such as payment processes, payroll review and approval and month end processes. Risk Rating Paxon has determined this finding to be of Low Risk Implication Consistent and appropriate processes may not be performed due to a lack of guidance or knowledge. Recommendation The Shire should consider implementing documented procedures for key areas noted above. Management Comment These processes are being implemented and are in progress.

Action Owner

Manager Corporate Services

Target Completion Date

31/12/2023

### Legal Implications

Local Government (Financial Management) Regulations 1996 - Regulation 5(2)[c]

**Policy Implications** 

Council Policies: All of Section 3 – Finance / Accounting 1.21 – Internal Controls 1.22 – Legislative Compliance 1.23 – Fraud & Corruption

### **Financial Implications**

The Regulation 5 Internal Audit Review was undertaken with the assistance of consultants Paxon Group at a cost of \$14,300 (GST incl) which was included in Council's 2022-23 annual budget. There are no further financial implications arising from this report and review as any necessary follow up work will be undertaken in-house by the Shire's Executive and other support staff.

### **Consultation**

CHIEF EXECUTIVE OFFICER

14.5.2 FINANCIAL REPORTS – 30 APRIL 2023		
Applicant	Internal Report	
File No.	0275	
Attachments	Monthly Financial Reports	
	Bank Reconciliations – April 2023	
Author	Mrs Victoria Fasano	
	Senior Finance Officer - Investments & Reporting	
Disclosure of Interest	Nil	
Date of Report	30 April 2023	
Senior Officer	Mr Alan George - Chief Executive Officer	

### Summary

Consideration of the Monthly Financial Reports for the period ending 30 April 2023 and Bank Reconciliations for the month ending 30 April 2023.

### Background

The provisions of the Local Government Act 1995 and associated Regulations require a monthly financial report is presented at an Ordinary Council meeting within two (2) months of the period end date.

### Comment

As at 30 April 2023, operating revenue is over the target by \$62,411 (0.85%). Profit on disposal of assets over the budget due to the sale of two Mack trucks and DCEO vehicles was higher than expected.

Operating expenditure is under YTD budget by \$1,963,406 (19.31%) mainly due to Materials and contracts being down as a consequence of delay in operating jobs. Employee costs are slightly under budget due to vacancies in works and services. On the other hand, Loss on disposal of assets over the budget target due to sale of Bomag Roller below the expected price.

The capital program is below the target by \$780,070 (21.07%). The bulk of "Local Roads & Community" and "Drought & Community" projects are not yet initiated/finalised, funds will be recognised later in the financial year. Payments for property, plant and equipment are below target as well due to the portion of Capital projects not being initiated as yet (48%) or in an early stage of completion. This leads to Capital grants income decrease being offset by the reduction in payments for property, plant and equipment.

Cash at bank is similar to the corresponding period last year, an investment agreement for 2 term deposits with Commonwealth Bank is in place for \$7,094,077, along with Overnight Cash Deposit with WA Treasury Corporation for \$3,708,264.

Outstanding rates are tracking well and have recovered 97.8% to date.

General debtor is \$192,540 with no major outstanding debts to follow up.

The monthly financial reports include the accompanying Local Government special purpose financial statements for the Shire of Lake Grace, which comprises the Statement of Financial Activity (by Statutory Reporting Program), a summary of significant accounting policies and other explanatory notes for the period ending 30 April 2023. The financial

statements have been compiled to meet compliance with the Local Government Act 1995 and associated regulations.

The Shire of Lake Grace is responsible for the information contained in the financial statements and is responsible for maintenance of an appropriate accounting system in accordance with relevant legislation.

### Legal Implications

Section 6.4 of the Local Governments Act 1995 provides for the preparation of financial reports.

In accordance with Regulation 34(5), a report on variances greater than the materiality threshold (\$5,000 or 10% whichever is greater) must be compiled and adopted by Council. As this report is composed at a program level, variance commentary considers the most significant items that comprise the variance.

### Application No: 163570 - Lot No 10169, 10170 Harvey Road North Lake Grace

The Western Australian Planning Commission has received an application for planning approval as detailed below. Plans and documentation relating to the proposal are attached. The Commission intends to determine this application within 90 days from the date of lodgement.

Please provide any information, comment or recommended conditions pertinent to this application by 20 June 2023 being 42 days from the date of this letter. The Commission will not determine the application until the expiry of this time unless all responses have been received from referral agencies. If your response cannot be provided within that period, please provide an interim reply advising of the reasons for the delay and the date by which a completed response will be made or if you have no comments to offer.

Referral agencies are to use the Model Subdivision Conditions Schedule in providing a recommendation to the Commission. Non-standard conditions are discouraged, however, if a non-standard condition is recommended additional information will need to be provided to justify the condition. The condition will need to be assessed for consistency against the validity test for conditions. A copy of the Model Subdivision Conditions Schedule can be accessed: www.dplh.wa.gov.au

Send responses via email to <u>referrals@dplh.wa.gov.au</u>. Always quote reference number "163570" when responding.

This proposal has also been referred to the following organisations for their comments: Western Power, Water Corporation, Dept Of Water & Environment Regulations, Dept Biodiversity, Conser & Attraction and LG Shire Of Lake Grace.

Yours faithfully

Ms Sam Fagan Secretary Western Australian Planning Commission

#### 7 Required information about the proposal

An application may not be accepted and will be returned to the applicant with the submitted fee if the requirements are incorrect or incomplete.

#### General information required for all applications

1.	Subdivision plans are based on an accurate and up-to-date feature survey that includes existing ground levels relative to AHD or topography of the subject lot/s. A feature survey is not required for amalgamation approval.	✓ Yes
2.	Relevant copies of the subdivision plans and supporting documentation or accompanying information are attached.	✓ Yes
3.	The subdivision plan is capable of being reproduced in black and white format.	✓ Yes
4.	The subdivision plan is drawn to a standard scale (ie 1:100, 1:200, 1:500, 1:1000) at A3 or A4.	✓ Yes
5.	All dimensions on the subdivision plan are in metric standard.	✓ Yes
6.	The north point is shown clearly on the subdivision plan.	✓ Yes
7.	The subdivision plan shows all lots or the whole strata plan (whichever is applicable).	🖌 Yes
8.	The subdivision plan shows all existing and proposed lot boundaries.	🖌 Yes
9.	The subdivision plan shows all existing and proposed lot dimensions (including lot areas).	✔ Yes
10.	The subdivision plan shows the lot numbers and boundaries of all adjoining lots.	✓ Yes
11.	For battleaxe lots, the subdivision plan shows the width and length of the access leg, the area of the access leg and the total area of the lot.	Yes
12.	The subdivision plan shows the name/s of existing road/s.	✓ Yes
13.	The subdivision plan shows the width of proposed road/s.	Yes
14.	The subdivision plan shows all buildings and/ or improvements, including driveways and	✓ Yes

- crossovers (including setbacks) which are to be retained, or removed. 15. The subdivision plan shows all physical 🖌 Yes features such as watercourses, wetlands,
- significant vegetation, flood plains and dams. 16. The subdivision plan shows all electrical, sewer 🖌 Yes and water infrastructure. For on-site sewage disposal, the indicative disposal areas for wastewater distribution are to be shown.
- 17. Additional information required in the case of applications for residential infill subdivision within existing residential zoned areas

Applications which propose to create two or more residential lots in existing residential areas must show all existing features (in addition to item 16 above) located in the road reserve/s adjoining the subject land and all existing improvements on the subject land and including:

- driveways
- and crossovers
- kerb lines
- manholes
- bus stops
- gully pits

retained

- pedestrian paths retaining walls
- boundary setbacks
   telecommunication for dwelling/s to be pillars

fencing

street trees

water supply

• swimming pools

• sewer, water and electricity connections · on-site sewage disposal systems, including treatment and

 electricity transmission lines

and poles

wastewater disposal areas

The WAPC has published a guide to applications and fees to assist applicants preparing to submit applications. The guide and other information about the planning system is available online:

www.dplh.wa.gov.au

ed to	Transport impacts	
are	Transport Impact Statements and Transport Impact Assessments are required to determine the likely transport impact of a proposal. Information to assist proponents is available on the DPLH website at www.dplh.wa.gov.au/policy-and-legislation/ state-planning-framework/fact-sheets,-manuals-and-guidelines/transport-impact- assessment-guidelines	
	<ol> <li>Are there 10 - 100 vehicle trips in the subdivision's peak hour?</li> </ol>	
	If yes, a transport Impact statement is to be provided	Yes 🖌 No
	<ol> <li>Are there more than 100 vehicle trips in the subdivision's peak hour?</li> </ol>	
	If yes, a transport impact assessment is to be provided.	Yes 🖌 No
	Access to/from right-of-way or private road	
	Access is to be provided from an existing right of way or private road. If you indicate 'yes', you must provide a copy of the plan or diagram of survey on which the subject right-of-way was created to confirm its exact width and whether a right of access exists. Right of access may be an easement under section 167A of the <i>Transfer of Land</i> <i>Act 1893</i> , an implied easement for access or other arrangement.	Yes 🗸 No
	Road and rail noise	
	Is the proposal within the trigger distance of a strategic transport route as defined by State Planning Policy 5.4?	Yes 🖌 No
	Contaminated sites	
	Information to assist applicants to respond to the following questions is on the Department of Water and Environmental Regulation (DWER) website at www.der.wa.gov.au/your-environment/contaminated-sites.	
	<ol> <li>Has the land ever been used for a potentially contaminating activity? Appendix B of Assessment and Management of Contaminated Sites (DWER Contaminated sites guidelines) lists potentially contaminating industries, activities and land uses. The list is not exhaustive.</li> </ol>	Yes 🗸 No
	If yes, please attach details of the activities/uses.	
	<ol><li>Does the land contain any site or sites that have been classified under the Contaminated Sites Act 2003?</li></ol>	Yes 🖌 No
√ n/a (battleaxe lot not proposed)	<ol><li>Does the land contain any site or sites that have been reported or are required to be reported under the Contaminated Sites Act 2003?</li></ol>	Yes 🖌 No
	If you indicated 'yes' to question 2 or 3 you must provide a Basic Summary of Records (BSR). Where a BSR is not available from the public Contaminated Sites Database, the form requesting a BSR from DWER is available online at www.der.wa.gov. au/your-environment/contaminated-sites/57-forms or by calling DWER on 1300 762 982.	
✓ n/a (no road proposed)	If a BSR is not available, a copy of the letter from DWER notifying the applicant that the site or the sites are under assessment must be provided, followed by the BSR when available.	
n/a	Is a BSR or letter from DWER attached?	Yes 🖌 No
(land is vacant)	Information requirements for Liveable Neighbourhoods Subdivision applications proposing to create 20 or more lots on greenfield and urban infill sites will be assessed against the requirements of Liveable Neighbourhoods.	
n/a (land does not contain such features)	Such applications should be supported by documentation addressing the relevant criteria of Liveable Neighbourhoods, as identified in the application guidelines within the policy document.	
	Is this application to be assessed under the Liveable Neighbourhoods policy and is supporting documentation attached?	Yes 🖌 No
	Acid sulfate soils	
s for ed areas	Is the land located in an area where site characteristics or local knowledge lead you to form the view that there is a significant risk of disturbing acid sulfate soils at this location?	Yes 🖌 No
lots in	Bushfire Prone Areas	
dition to	Is all, or a section of the subdivision in a designated bushfire prone area?	🖌 Yes 🛛 No
ject land	If 'yes', has a BAL Contour Map been prepared; and	
ng: ity	If the BAL Contour Map indicates areas of the subject site as BAL-12.5 or above, has a Bushfire Management Plan been provided with the application?	Yes 🖌 No
ission lines les	If NA is selected and the proposal is in a designated bushfire prone area then a statement advising why SPP 3.7 does not apply should be included.	n/a

Attention: Planning Support

Dear Sir/Madam,

### Re: NO. 499 HARVEY ROAD, NORTH LAKE GRACE LOT 10169 ON DP 228676 & LOT 10170 ON DP 233597

### LOCATION:

The proposed subdivision application comprises of:

- Lot 10169 on DP 228676.
- Lot 10170 on DP 233597.

Brown McAllister Surveyors acts on behalf of the registered proprietor of the abovementioned Lots.

### **BUSHFIRE MANAGEMENT:**

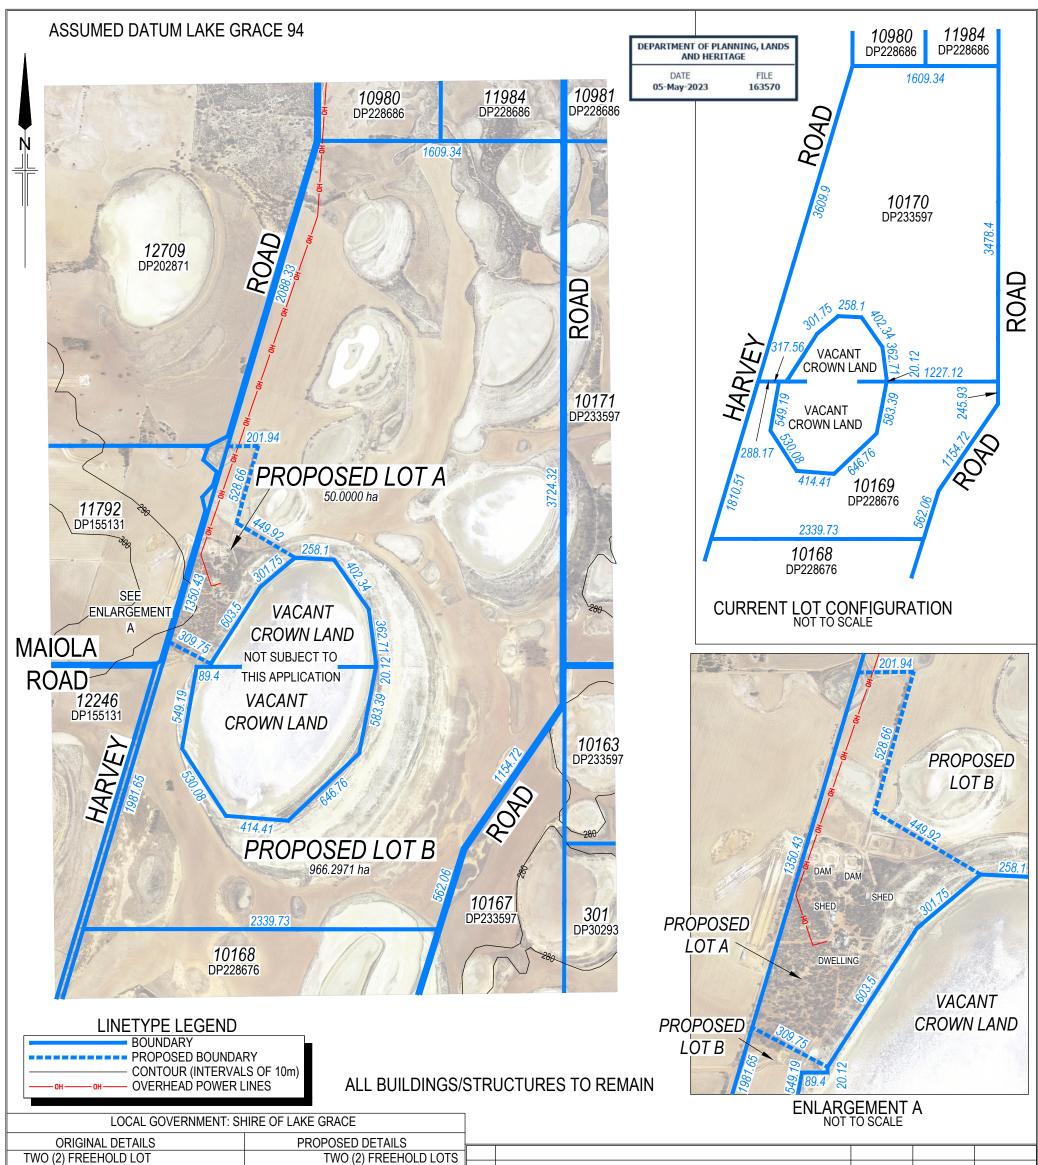

As State Planning Policy 3.7 (SPP3.7) outlines in policy objective 5.1 the intention of the policy is to "avoid any increase in the threat of bushfire to people, property and infrastructure." In this instance this subdivision application does not propose to increase the threat as the application does not propose to increase density of the land in the local area. In this instance SPP3.7 does not apply.

Should you require further information please call Trevor Pizzi on 9386 9688 or alternatively email any correspondence to <u>admin@brownmcallister.com.au</u>

Attachment to Item 14.4.1

12 June, 2023

Shire of Lake Grace PO Box 50 Lake Grace WA 6353 Lake King Progress Association C/- Post Office Lake King, WA 6356

To Alan George, Chief Executive Officer.

### Lake King Rest Stop.

I am writing to you on behalf of the Lake King Progress Association in response to the letter about the Lake King Rest Stop.

The Lake King Progress Association committee have no objections to the removal of the current "no camping permitted" sign however consultation with community groups raised the following points.

- The proximity of this camping area to the Lake King Primary School.
- There is an access road located at the rear of this parking area, to the left of the RV dumping station, which is used daily by school bus services and at other times by parents, staff and the Shire Garbage Truck. This is an important access point to the school (daily traffic and in case of emergency) and needs to be well signed so it does not become blocked.
- There is concern that rate payers would be expected to cover the increased cost of water used by free campers when they use the showers and fill their tanks. There is also concern whether the Shire will be able to maintain regular cleaning and rubbish removal in and around this area.
- With additional campers using this area the road speed of the Newdegate-Ravensthorpe Road may well need to be rezoned to a lower and safer speed.
- Impact on the Lake King Caravan Park.

In summary, the Lake King Progress Association committee understand the reasoning and benefits in removing the current sign but in order for it to be a desirable and efficient overnight rest stop for both the local community and those wishing to use the facilities we believe that the above issues should be considered.

Thank you for allowing us to comment on this issue and we look forward to hearing the outcome.

Sincerely, Louise Teale Secretary, Lake King Progress Association

The CEO Shire of Lake Grace Alan George,

Ref :0436

Regarding LAKE KING REST STOP

I am replying to your letter proposing the shire removing their sign and allowing in the Lake King Rest Stop to become a free caravan park.

As the proprietor of the Lake King Caravan Park, I would like to voice my opposition to this proposal as it will obviously have a negative affect on my Caravan Park business, which the shire charges me a fee for operating.

I believe the statement that you have made to be incorrect.

Specifically, to quote your letter "owners that would use this facility would not use a caravan park regardless and would otherwise park up somewhere in the bush" I believe would not be true. I think many owners that will use this free camp would normally be staying in the designated caravan park in town. Lake King is very much a drive-through destination and if given the choice plenty of caravanners will choose to not spend any money, without even checking out how good our park and tavern is.

We have a great little park already here but the caravan park itself is not a profitable business and further losses to income would absolutely occur. I also question the local government that introduces and charges a fee for operating a caravan park in town, and then builds and operates a free caravan park as well.

Other issues I would bring up to debate include:

Would there be extra rubbish left behind in town, more damage?

Lack of regulation of campers / no police station/ services in town.

The close distance to the primary school and residential properties.

Whether the caravans will be in the way of Truckdrivers who use these places for their profession?

I appreciate you reading this letter and reaching out to me for my feedback on the matter.

Murray McLean Proprieter – Lake King Caravan Park

Attachments:	image001.png

Good morning Alan

Thank you for your email, upon investigation, we do believe this sign was supplied and applied by the Shire, therefore the decision is entirely yours. Looking after the safety of travellers was raised at our last Network conference.

Our only concern, would be to take into consideration off other traffic including trucks and foot traffic.

Kind regards

### Cathy Morey

Customer Services Manager Wheatbelt Region Narrogin and Northam Regional Management & Operations Directorate **p:** +61 08 9881 0590 | **m:** +61 0428 912 799 **w:** <u>www.mainroads.wa.gov.au</u>

From: Alan George <ceo@lakegrace.wa.gov.au> Sent: Wednesday, 31 May 2023 9:07 AM To: Cathy Morey <cathy.morey@mainroads.wa.gov.au> Subject: Lake King Rest Area

**CAUTION:** This email originated from outside of Main Roads. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Good afternoon Cathy

If this is not your area please forward to the correct party if necessary.

Some years ago now the Shire constructed a rest area, to Main Roads specifications, at Lake King opposite Lake King Agencies and Roadhouse (SLK 389.30 on the Collie Lake King Road) please see the attachments.

The site is listed on the Main Roads Travel Map as a Rest Area. The facilities along with those listed on your publications also include showers and a recently installed RV dump point. On many occasions trucks utilize the area as an overnight stop.

There is a sign erected at the rest stop that says that overnight parking by caravans is not permitted. My questions are;

- 1. Is the sign stating no overnight caravan parking a Main Road stipulation or a shire stipulation?
- 2. If a Main Roads stipulation can the stop be recognized now as a 24 hour rest area which would allow caravans to park overnight. This would not only help with road safety but would also assist with unserviced rest areas and the problems with rubbish and waste disposal.
- 3. If it is only a shire stipulation the sign can be removed as council at the May Council meeting passed a resolution to remove the sign and allow overnight caravan parking subject to Main roads consultation. Caravanning has changed over the years and those that would use this area would not stop in a caravan park regardless.

We look forward to your response.

Kind Regards,

Alan George Chief Executive Officer

### **Guidelines for submission of Member Motions**

Member Local Governments are invited to submit motions for inclusion in the Agenda for consideration at the 2023 WALGA AGM. Motions should be addressed to the Chief Executive Officer of WALGA and submitted via email to <u>associationgovernance@walga.asn.au</u>. Please use the template motion on the next page and submit as a Word document.

### The closing date for submission of motions is 5:00pm on Friday, 4 August

The following guidelines should be followed by Members in the formulation of motions:

- Motions should focus on policy matters rather than issues which could be dealt with by the WALGA State Council with minimal delay.
- Due regard should be given to the relevance of the motion to the total membership and to Local Government in general. Some motions are of a localised or regional interest and might be better handled through other forums.
- Due regard should be given to the timeliness of the motion will it still be relevant come the AGM or would it be better handled immediately by the Association?
- The likely political impact of the motion should be carefully considered.
- Due regard should be given to the educational value to Members i.e. does awareness need to be raised on the particular matter?
- The potential media interest of the subject matter should be considered.
- AGM motions submitted by Member Local Governments must be accompanied by fully researched and documented supporting comment.

Prior to the finalisation of the Agenda, the WALGA President and Chief Executive Officer will determine whether motions submitted by Members abide by the following criteria:

Motions will be included in the Agenda where they:

- 1. are consistent with the objects of the Association (refer to clause 3 of the <u>Constitution</u>);
- 2. demonstrate that the issue/s raised will concern or are likely to concern a substantial number of Local Governments in WA;
- 3. Seek to advance the Local Government policy agenda of the Association and/or improve governance of the Association;
- 4. Have a lawful purpose (a motion does not have a lawful purpose if its implementation would require or encourage non-compliance with prevailing laws); or
- 5. Are clearly worded and unambiguous in nature.

Motions will <u>not</u> be included where they are:

6. Consistent with current Association advocacy/policy positions as per the <u>Advocacy Positions Manual</u> (as the matter has previously been considered and endorsed by WALGA).

Motions of similar objective:

7. Will be consolidated as a single item.

Members submitting motions will be advised of the determinations.

### KEY TERMS AND DESCRIPTIONS FOR THE PERIOD ENDED 31 MAY 2023

#### REVENUE

#### RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specified area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts and concessions offered. Excludes administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

#### **OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Refers to all amounts received as grants, subsidies and contributions that are not non-operating grants.

#### NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of identifiable non financial assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

#### REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

#### FEES AND CHARGES

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, and other fees and charges.

#### SERVICE CHARGES

Service charges imposed under *Division 6 of Part 6 of the Local Government Act 1995. Regulation 54 of the Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services. Exclude rubbish removal charges.

#### **INTEREST EARNINGS**

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### **OTHER REVENUE / INCOME**

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates, reimbursements etc.

#### PROFIT ON ASSET DISPOSAL

Excess of assets received over the net book value for assets on their disposal.

### NATURE OR TYPE DESCRIPTIONS

#### **EXPENSES**

#### EMPLOYEE COSTS

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

#### MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

#### UTILITIES (GAS, ELECTRICITY, WATER)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

#### INSURANCE

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

#### LOSS ON ASSET DISPOSAL

Shortfall between the value of assets received over the net book value for assets on their disposal.

#### **DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation expense raised on all classes of assets. Excluding Land.

#### INTEREST EXPENSES

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

#### OTHER EXPENDITURE

Statutory fees, taxes, allowance for impairment of assets, member's fees or State taxes. Donations and subsidies made to community groups.

#### **KEY INFORMATION**

Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold.

Refer to Note 15 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

#### MONTHLY FINANCIAL REPORT FOR THE PERIOD ENDED 31 MAY 2023

### **BASIS OF PREPARATION**

#### **BASIS OF PREPARATION**

The financial report has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and notfor-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying Regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to these financial statements.

#### SIGNIFICANT ACCOUNTING POLICES

#### CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimation of fair values of certain financial assets
- estimation of fair values of fixed assets shown at fair value
   impairment of financial assets

#### **GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

#### **PREPARATION TIMING AND REVIEW**

Date prepared: All known transactions up to 18 June 2023

#### (a) Non-cash items excluded from operating activities

The following non-cash revenue and expenditure has been excluded from operating activities within the Statement of Financial Activity in accordance with *Financial Management Regulation 32*.

Non-cash items excluded from operating activities	Notes	Amended Budget	YTD Budget (a)	YTD Actual (b)	Forecast 30 June 2023 Closing
		\$	\$	\$	
Adjustments to operating activities					
Less: Profit on asset disposals	6	(80,864)	(79,722)	(171,327)	(172,469)

Closing funding surplus / (deficit)		4,445,796	6,190,254	4,214,953

#### CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. Unless otherwise stated assets or liabilities are classified as current if expected to be settled within the next 12 months, being the Council's operational cycle.

## OPERATING ACTIVITIES NOTE 2 CASH AND FINANCIAL ASSETS

		2,166,565	7,767,583	9,934,148	11,036			

#### **KEY INFORMATION**

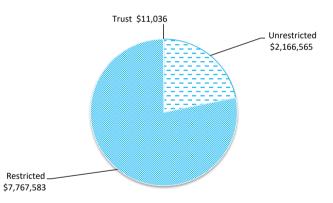

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and

- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets.

ESL Control		1,847				1,847
Total receivables general outstanding						268.306

Amounts shown above include GST (where applicable)

#### **KEY INFORMATION**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

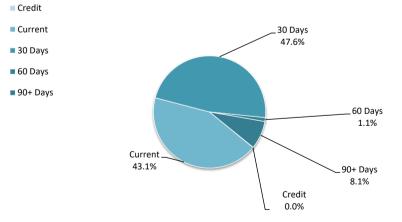

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

#### Accounts Receivable (non-rates)

# OPERATING ACTIVITIES NOTE 4 OTHER CURRENT ASSETS

Other current assets	Opening Balance 1 July 2022	Asset Increase	Asset Reduction	Closing Balance 31 May 2023
	\$	\$	\$	\$
Inventory				
Stock on Hand - Fuel	19,008		(8,290)	10,718
Total other current assets	19,008	0	(8,290)	10,718
Amounts shown above include GST (where applicable)				

Amounts shown above include GST (where applicable)

#### **KEY INFORMATION**

#### Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY

#### FOR THE PERIOD ENDED 31 MAY 2023

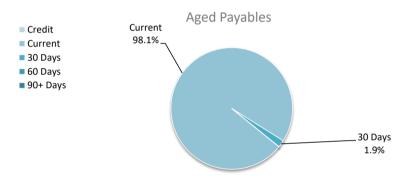

# OPERATING ACTIVITIES NOTE 5 PAYABLES

Payables - general	Credit	Current	30 Days	60 Days	90+ Days	Total
	\$	\$	\$	\$	\$	\$
Payables - general	0	628,054	12,216	28	0	640,298

ESL Levied & Prepaid rates		16,844				16,844
Liabilities held for Others - Prepaid Rates		7,433				7,433
Trust Fund Liability		11,036				11,036
Total payables general outstanding						679,937

Amounts shown above include GST (where applicable)

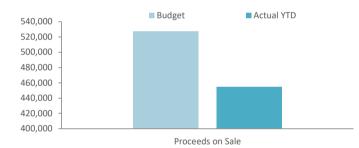

#### **KEY INFORMATION**

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### SIGNIFICANT ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

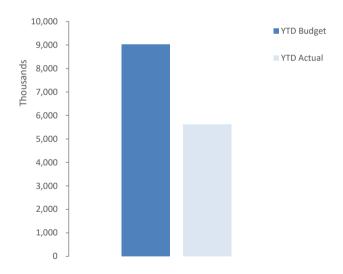

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

Initial recognition and measurement between

mandatory revaluation dates for assets held at fair value In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

All debenture repayments were financed by general purpose revenue.

The Shire has no unspent debenture funds as at 30th June 2022, nor is it expected to have unspent funds as at 30th June 2023.

#### KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

Amounts shown above include GST (where applicable)

A breakdown of contract liabilities and associated movements is provided on the following pages at Note 11

#### **KEY INFORMATION**

#### Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **Employee Related Provisions**

#### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

#### Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### **Contract liabilities**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

#### Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.
