## 8.0 REPORTS OF OFFICER

### 8.1 PLANNING

*The Chief Executive Officer (CEO) advised that as a result of the declarations received prior to the meeting, an application has been made to the Minister for Local Government for approval under section 5.69(3)(a) of the Local Government Act 1995 for sufficient elected members to be present to form a quorum to allow the following matter to be discussed.*

#### 8.1.1 DEVELOPMENT APPLICATION – PROPOSED NEW CARPORT ON LOT 58 (NO.14) GUMTREE DRIVE, LAKE GRACE

**Applicant:** Mr Derek Stanton on behalf of Co-operative Bulk Handling Limited (Landowner)  
**File No.** A3770  
**Attachments:** 1. Application for Development Approval  
**Author:** Mr Joe Douglas (Exurban & Rural Perspectives Planning)

Town Planning Consultant

**Disclosure of Interest:** Nil  
**Date of Report:** 14 March 2018  
**Senior Officer:** Ms Denise Gobbart

  
Chief Executive Officer

#### Summary

This report recommends that a development application submitted by Mr Derek Stanton on behalf of Co-operative Bulk Handling Limited (Landowner) to construct a new carport to service an existing single detached dwelling on Lot 58 (No.14) Gumtree Drive, Lake Grace be approved subject to conditions.

#### Background

The applicant is seeking Council's development approval to construct a new 46.5m<sup>2</sup> carport on Lot 58 (No.14) Gumtree Drive, Lake Grace to service the existing single detached dwelling on the land.

Lot 58 is located in the eastern part of the Lake Grace townsite in a well-established, low density residential precinct and comprises a total area of approximately 809m<sup>2</sup>. The land is rectangular in shape and has been extensively developed and used for low density residential purposes (i.e. a single detached dwelling, shed, patio, gazebo and associated vehicle access, parking and Landscaping).

*Location & Lot Configuration Plan (Source: Landgate)*

Under the terms of the information and plans submitted in support of the application (see Attachment 1) the following is proposed:

- i) Construction of a new 15 metre long and 3.1 metre wide steel framed carport ranging in height from 2.6 metres to 2.2 metres above an existing brick paved driveway with a roof pitch of approximately 5 degrees;
- ii) The proposed new carport will have a total floor area of approximately 46.5m<sup>2</sup> and will be covered using off-white coloured roof sheeting supported by light brown coloured steel columns;
- iii) The new carport will have a 300mm setback from the land's eastern side boundary and a 10 metre setback from the land's frontage to Gumtree Drive (i.e. 4 metres behind the dwelling's front setback of 6 metres); and
- iv) All stormwater drainage from the carport roof will be directed to the land's front boundary for discharge into the Shire's local drainage system.

Comment

Lot 58 is classified 'Residential' zone under the Shire of Lake Grace's current operative Local Planning Scheme No.4 (LPS No.4) with an applicable residential density coding of R20.

Current Zoning Plan (Source: Shire of Lake Grace Local Planning Scheme No.4)

Under the terms of LPS No.4 the construction of a carport in association with a dwelling is permitted on land classified 'Residential' zone without the need for Council's development approval subject to any given proposal satisfying the relevant standards prescribed in LPS No.4 and the Residential Design Codes of WA (i.e. the 'R-Codes').

An assessment of the proposal against the development standards contained in LPS No.4 and the R-Codes has confirmed it satisfies the majority of standards except for its eastern side boundary setback where a setback of 300mm is proposed in lieu of a minimum required setback of 1.5 metres.

In considering whether or not to approve this proposed variation to the applicable standard Council must decide whether such variation is likely to have a detrimental impact upon the amenity and character of the immediate locality or any immediately adjoining or other nearby properties.

It is concluded following detailed assessment of the application by the reporting officer that the proposed variation to the side boundary setback requirements of LPS No.4 and the R-Codes may be supported and approved by Council for the following reasons:

- i) The proposed carport will be a light-weight, open sided, visually attractive structure that could be expected to make a positive contribution to the character and amenity of the immediate locality;
- ii) The carport is unlikely to have any adverse visual impacts on the local streetscape or any adjoining property in terms of its bulk and scale;
- iii) The carport will not compromise the ability to provide adequate direct sun and ventilation to the existing dwelling and open spaces on the land or any adjoining properties;
- iv) The carport will not give rise to any overlooking and resultant loss of privacy on any adjoining properties; and
- v) The carport will allow for the effective use of space on the land to provide for the covered parking of vehicles.

In light of the above findings and conclusions it is recommended that Council exercise its discretion and grant conditional approval to the application.

Legal Implications

- Planning and Development Act 2005
- Shire of Lake Grace Local Planning Scheme No.4
- Part 10A Planning and Development (Local Planning Scheme) Regulations 2015 - Bushfire Risk Management – As the subject land is not located within a designated 'bushfire prone area' a Bushfire Attack Level (BAL) assessment is not required in support of this application.

Policy Implications

- State Planning Policy No.3.1 - *Residential Design Codes of Western Australia*

Consultation

Not required or deemed necessary in this particular instance.

Financial Implications

Nil

Strategic Implications

Nil

Recommendation

That the application for development approval submitted by Mr Derek Stanton on behalf of Co-operative Bulk Handling Limited (Landowner) to construct a new carport on Lot 58 (No.14) Gumtree Drive, Lake Grace be **APPROVED** subject to compliance with the following conditions and advice notes:

Conditions

1. The proposed development shall be undertaken in a manner consistent with the information and plans submitted in support of the application unless otherwise approved by Council.
2. The new carport shall be an open structure and not be enclosed by any walls or doors unless otherwise approved by Council.
3. The new carport shall be of steel frame construction with non-reflective roof cladding and comprise a total floor area not exceeding 46.5m<sup>2</sup> unless otherwise approved by Council.
4. All stormwater collected from the carport's roof catchment shall be directed to the land's Gumtree Drive frontage to the specifications and satisfaction of the Shire's Chief Executive Officer for disposal into the Shire's local drainage system.

Advice Notes

1. The development is to be completed within a period of two (2) years from the date of this approval. If the development is not completed within this period this approval will lapse and be of no further effect. Where an approval has lapsed, no development shall be carried out without the further approval of the Shire of Lake Grace having first been sought and obtained.
2. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the Shire's attention.

3. This is a development approval of the Shire of Lake Grace under its Local Planning Scheme No.4. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant and landowner to obtain any other necessary approvals, consents, permits and licenses required under any other law, and to commence and carry out development in accordance with all relevant laws.
4. The proposed structure is required to comply in all respects with the National Construction Code of Australia. Plans and specifications which reflect these requirements are required to be submitted with the building permit application.
5. The noise generated by any activities on-site including machinery motors or vehicles shall not exceed the levels as set out under the Environmental (Noise) Regulations 1997.
6. No works shall commence on the land prior to 7am without the Shire's written approval. No works are permitted on Sundays or Public Holidays.
7. Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the *Planning and Development Act 2005* and the Shire of Lake Grace Local Planning Scheme No.4 and may result in legal action being initiated by the local government.
8. If the applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the *Planning and Development Act 2005* Part 14. An application must be submitted within 28 days of the determination.

Voting Requirements

Simple majority required.

## 8.2 COMMUNITY SERVICES

### 8.2.1 COMMUNITY POOL REVITALISATION PROGRAM REFUND

<b>Applicant:</b>	Department of Local Government, Sport and Cultural Industries	
<b>File No.</b>	0286	
<b>Attachments:</b>	1. Letter Department of Sport and Recreation 2. Tax Invoice Department of Sport and Recreation 3. Statement of Expenditure Community Pool Revitalisation Program	
<b>Author:</b>	Ms Denise Gobbart	 Chief Executive Officer
<b>Disclosure of Interest:</b>	Nil	
<b>Date of Report:</b>	23 April 2018	
<b>Senior Officer:</b>	Ms Denise Gobbart	 Chief Executive Officer

#### Summary

For Council to authorise the refund of \$7,820.22 (GST Inclusive) being the unspent portion of the 2016/17 Community Pool Revitalisation Program (CPRP).

#### Background

On Wednesday 28 March 2018, an email was received from Jenifer Collins, Manager Wheatbelt – Sport and Recreation following up on a letter dated 11 August 2017 with a Tax Invoice attached. The letter stated the following;

#### ***Community Pool Revitalisation Program (CPRP)***

*Thank you for submitting the acquittal documents for your Community Pool Revitalisation Program grant of \$32,000 for the 2016/17 financial year.*

*As per your CPRP Grant Agreement any grant monies not expended will need to be returned to the department.*

*You received an upfront payment of \$32,000 to complete this project. The final project cost is \$24,890.71 (exclusive GST), representing a saving of \$7,109.29 (exclusive GST) from the initial grant.*

*Attached is an invoice for the amount of \$7,109.21 (exclusive GST) which will need to be repaid to the department within 30 days.*

Until this email, I was not aware this correspondence had been received and that the funds were to be reimbursed to the Department. On inspecting our Annual Report it showed that we had received \$32,000 and spent the same, leaving a balance of nil outstanding.

Comment

The CPRP was established under Royalties for Regions and was to be used to subsidise at least one of the following areas in the 2016/17 financial year:

- Upgrade to the aquatic facility (e.g. new heating system, new floodlighting);
- Maintenance of the aquatic facility (e.g. replacement of existing filters);
- Reduction of pool entry costs;
- Staff Development and/or training (e.g. Swimming instructor training); and
- Purchase of pool equipment (e.g. lane ropes, inflatables).

Included in the 2016/17 Annual Budget was the refurbishment of the Male change rooms at the Lake Grace Pool. This project had been drawn up and costed for inclusion in the 2016/17 Budget. As part of the funding program we could not use our own staff to undertake the works. A contractor had been identified and the time period for when the works were to be completed.

Unfortunately when the pool season ended and the tradesman was contacted they advised that they wouldn't be able to do the required work. Another contractor was suggested, but the price had significantly increased.

It was suggested that part of the work be undertaken, but as the pipe work was to be shifted to the outer wall, the project basically needed to be done as a whole.

The financial acquittal allocated the following;

Capital Upgrade	\$18,009.09
Maintenance	\$ 3,032.49
Equipment	\$ 374.77
Staff Training	\$ 2,924.36
Reduction in Entry	<u>\$ 550.00</u>
	\$24,890.71

With \$24,890.71 expended it has left a balance of \$7,109.29 (GST Exclusive) unspent on the grant which is to be repaid to the Department.

Legal Implications

*Local Government Act 1995*

6.8. Expenditure from municipal fund not included in annual budget

- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —
- (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
  - (b) is authorised in advance by resolution\*; or
  - (c) is authorised in advance by the mayor or president in an emergency.

\* *Absolute majority required.*

(1a) In subsection (1) —

**additional purpose** means a purpose for which no expenditure estimate is included in the local government's annual budget.

(2) Where expenditure has been incurred by a local government —

- (a) pursuant to subsection (1)(a), it is to be included in the annual budget for that financial year; and

- (b) pursuant to subsection (1)(c), it is to be reported to the next ordinary meeting of the council.

Policy Implications

Not Applicable

Consultation

External: Jenifer Collins, Manager Wheatbelt – Sport and Recreation

Financial Implications

There was no provision made in the 2017/18 budget to refund the requested \$7,820.22 (GST Inclusive). The Annual Report identified that \$32,000 had been received and the same had been spent. It is proposed that these funds will be drawn from account 1E1120200 Lake Grace Pool Operating Expenses.

Strategic Implications

Shire of Lake Grace Strategic Community Plan 2017 - 2027

Leadership - Strong governance and leadership, demonstrating fair and equitable community values.

Outcome 4.2 An efficient and effective organisation

- 4.2.1 Maintain accountability and financial responsibility through effective planning
- 4.2.2 Comply with statutory and legislative requirements
- 4.2.3 Provide a positive and safe workplace

Recommendation

That Council, authorise the repayment of \$7,820.22 (GST Inclusive), being the unspent portion of the 2016/17 Community Pool Revitalisation Program to the Department of Local Government, Sport and Cultural Industries.

Voting Requirements

Absolute majority of Council required
