Australia Day Recipients for the Shire of Lake Grace

Lake King Active Citizenship of the Year Award for a Community Event of Group

'Lake Kingfest' nominated by Lake King Progress Association.

The 'Lake Kingfest' organised by the Lake King Progress Association saw the official opening of the Bush Engineers Tractor Museum.

The event also marked the 40th Anniversary of the Church and the Tavern's 30th Birthday.

The combined celebration brought together the whole community and drew previous residents with a connection to Lake King back from across the State. The diverse event offered something of interest to both past and present members of the community with the 'Bush Engineers Tractor Museum' a lasting reminder to all future residents of the ingenuity and enterprise of the towns farming pioneers.

The Bush Engineers Tractor Museum has given the town of Lake King a focal point and encourages tourists to stop when travelling through the town.

The interactive display has brought to life the unique history of the homemade tractors of the area. It provides a visual and oral resource for surrounding schools and all those with an interest to learn about our local history.

Lake Grace Active Citizenship Award for a Community Event or Group

Lake Grace Kukerin Hockey Club nominated by Danielle Robertson, Lake Grace Development Association.

Following the withdrawal of three clubs from the Greater Wheatbelt Men's Hockey Association the Lake Grace-Kukerin Hockey Club saw a need to submit a men's team into the competition to keep it going, as there were only two clubs left.

A concerted effort by club members in rallying enough players saw the creation of our men's side for 2018. The first time since 1936 that Lake Grace has seen a men's hockey side. Not only did this effort contribute to the Lake Grace community by increasing our active participation in sport, but also to the wider Wheatbelt where we play our sport.

The creation of the men's side has not only allowed those who have never played hockey before to be involved in a sporting club, but brought forward members of our community who had previously had limited social outlet. It has helped with limiting the detrimental effects of solitude and heavy workloads and given the men involved a sense of camaraderie and increased their physical and mental wellbeing.

Newdegate Active Citizenship Award for a Community Event or Group

Newdegate Active Precinct Committee nominated by Rochell Walker.

Newdegate Active Precinct group - Sarah Lloyd, Helen Steicke and Emily Gilmour have created, sourced funding and delivered a high quality, fabulous looking and functioning nature play and skate park to our town.

The combined talents of the wonderful trio of Sarah, Helen and Emily to form the Newdegate Active Precinct Committee have taken what was a vacant corner block and turned it into one of the greatest nature play – skate park – community garden combinations that can be seen in Western Australia.

The committee took this project from an initial idea, through to planning, funding and creation. Their hard work, determination and perseverance saw a project that commenced groundworks in March 2018 be delivered to our community by June 2018 with the grand opening held on the 1st of July 2018.

Not content to just deliver a world class precinct, the committee also organised skate lessons to be held on the opening and lunch for the community delivered at no cost to participants because they had continued their efforts to fundraise to ensure the experience could be enjoyed by all.

The delivery of the new active precinct to our community has improved not only the aesthetics of our town, but provided a hub for locals as well as visitors to meet and engage in an active lifestyle. Their ability to create a venue that has brought our community together across the ages has provided us with a valuable asset that will be treasured for many years to come.

Lake Grace Senior Community Citizen of the Year

Elizabeth Carruthers nominated by Lake Grace Community Resource Centre.

Mrs Carruthers in her very unassuming way makes her way around town and onto the North Lake Grace road picking up litter. She is regularly seen by community members and travellers walking with bag in hand and collecting the litter to keep our community clean.

An octogenarian Mrs Carruthers has a daily exercise regimen, this includes walking around our town collecting litter; no area escapes her attention. She also collects along the North Lake Grace roadside between the town and the family farm.

There are a number of members of our community who continue to clean up after those who carelessly discard their refuse; but nobody puts in the hours that Mrs Carruthers does. Although she will undoubtedly be very

cross about being nominated, Mrs Carruthers is a very worthy nominee.

Elizabeth Carruthers nominated by Lake Grace Development Association

For many years Elizabeth has been a champion for keeping our town of Lake Grace clean and tidy.

Elizabeth had spent many hours walking and collecting rubbish on the roadsides to the entries to our town. The town site has not missed out either and she can often be seen around the streets on her walks busily improving the environment.

Tourist and visitors often comment on what a lovely tidy, neat town Lake Grace is and we are sure this is from Elizabeth's commitment to making Lake Grace a pleasant place to live and visit. We thank and salute you Elizabeth, well done.

Elizabeth Carruthers nominated by Lions Club Lake Grace.

Seldom do we come across a person more considerate and community minded than Mrs Elizabeth Carruthers. To keep fit and healthy Elizabeth has chosen walking, and walking she does all over town and well beyond its boundaries. To add value to her time and effort Elizabeth always picks up what others left behind, a plastic bottle, aluminum can, a paper bag, to whatever unsightly object she sees on her way.

For Elizabeth, this has become her hobby, and rather her passion to keep the roadway uncluttered and free of rubbish. There is no day too cold or a day too hot to stop her pursuing her effort to maintain her fitness and her will to keep our roadsides as she wants them to be, clean and attractive.

We hope and expect that her unselfish act will inspire and motivate others to do same. Elizabeth's way of telling those who are careless in their rubbish disposal, please put a STOP to it, and let's make our town beautiful.

We at Lions Club of Lake Grace see Mrs Elizabeth Carruthers as a person who embodies all the qualities of a truly valued citizen who genuinely deserve the honour of the Senior Citizen of the year.

Newdegate Senior Citizens of the Year

Eileen and Barry Ness nominated by Bill Lloyd.

Eileen, in partnership with husband Barry, have run the North East Bushfire Radio Base Station for the last 45 years (7 years in the old house and 38 in the new). They did the daily roll calls during the summer seasons for many years and will still do it when required.

They also attended and fought the all the fires that started in the area. They now stay close to their two-

way radio in the house to keep the communication channels open between the fire coordinators.

Eileen was born and schooled in Newdegate and she and Barry have been married since April 1959.

They have always been actively involved in the community in many ways from way back in their younger days. In more recent times they were active and productive members, Eileen in the Catering and Barry 9 years as Treasurer, on the Newdegate Machinery Field Days Committee.

Eileen and Barry regularly attend the Newdegate Community Development Association meetings to keep involved in the happenings in and around their community. Eileen and Barry continue to work together as a very well-oiled machine and really enjoy participating and assisting in community events.
